abstract After setting marketing objectives and marketing strategies the Marketing Mix represents the third and last level of  
planning in the marketing conception Therefore once the market for the Apple Watch has already been defined and  
correspondingly analyzed the next step will be to review what the different elements of the Apple Watch Marketing Mix are  
and how they interact with each other The interaction among them shows clearly how changes and decisions made which  
affect to one specific area of a product s Marketing Mix produce different changes and up to what extent in the rest of the  
elements2 demonstrating that they cannot be seen considered or analyzed separately but as a whole It is clear then that only  
by approaching the Apple Watch Marketing Mix as a whole in which each part is irreplaceable and subordinated to Apple s
