Enchanting tragic and hilarious fairy tales for adults and children grace these pages An initial glance might lead you to assume that these are satirical versions of classic Christmas ghost stories However beneath the humorous stories involving ghosts repentant sinners miracles and good peasants who find well deserved happiness lies a psychological undercurrent that sharpens the sense of intrigue and plot movement Often this is aided by the unrelenting social exposure of the authors who always understood how intangible the bourgeois paradise truly was Even today idyllic dreams of tolerance equality and the triumph of justice have failed to materialize Perhaps that is why people continue to read these classic stories while the snow falls outside and the lights glow on the Christmas tree
