

AP GOV STUDY GUIDE PART 1

The AP U.S. Government and Politics exam will test your knowledge of material typically covered in a one-semester college introductory-level course about U.S. government and politics. The 3-hour exam is comprised of 55 multiple-choice questions (50% of the exam) and 4 free-response questions (50% of the exam).

The exam covers the following topics:

- **Foundations of American Democracy:** 15–22% of test questions
- **Civil Liberties and Civil Rights:** 13–18% of test questions
- **Interactions Between Branches of Government:** 25–36% of test questions
- **Political Participation:** 20–27% of test questions
- **American Political Beliefs and Ideologies:** 10–15% of test questions

This guide will give you a review of all major exam topics, with an emphasis on the terms covered in each exam section. Following every topic overview are sample AP multiple-choice questions so you can get a sense of how information will be presented on test day.

Foundations of American Democracy

About 15–22% of the questions on your AP exam will cover the topic Foundations of American Democracy.

Types of Democracy

Let's take a look at the various types of democracy that exist in political theory.

Direct democracy allows citizens to directly govern and make laws. It is considered a chaotic and inefficient system, especially in societies with large populations. It also has significant risks like the majority violating the rights of the minority.

Participatory democracy values broad based public participation in governing. In theory, it keeps government closest to the people and their opinions.

Representative democracy/republicanism is a theoretically more efficient system that allows citizens to elect representatives who then govern for them. It allows a smaller and more manageable group to make decisions more quickly. Republicanism retains important elements

It would be extremely helpful to find someone who is willing to score your essay your teachers or anyone who is familiar with the test material If you do ask the person to assign each of your U S and Comparative Part I essays a score of 0 to 9 For your Comparative Part II essays use the 0 to 5 scale If you must grade your own essays try to be objective In addition you may want to give your essays three different grades For instance if you feel you did well try giving the essay a score of 5 6 or 7 to represent the various scores you may receive By underestimating what your score may be you are more likely to receive a better score on the actual exam Use the following formulae to determine your raw score for the Free Response section

United States Exam
 Free Response Response 1 score x 1 66 raw score
 Response 2 score x 1 66 raw score
 Response 3 score x 1 66 raw score
 Response 4 score x 1 66 raw score
 Comparative Exam

Response 1 score x 1 66 raw score Response 2 score x 1 66 raw score Response 3 score x 3 raw score Response 4 score x 3 raw score
 The Composite Score Once you have obtained your raw scores for both the Multiple Choice and the Free Response sections add the scores together to get your composite score
 United States Exam Multiple Choice raw score Free Response raw score composite score round to nearest whole number
 Score Essay 1 Score Essay 2 Score Essay 3 Score Essay 4 raw score Comparative Exam Multiple Choice raw score Free Response raw score composite score round to nearest whole number
 Now compare your composite score with the scale below
 Composite Score AP Grade 88 120 5 74 87 4 54 73 3 35 53 2 0 34 1
 AP grades are interpreted as follows 5 extremely well qualified 4 well qualified 3 qualified 2 possibly qualified and 1 no recommendation
 Scores that Earn College Credit and or Advanced Placement Most colleges grant students who earn a 3 or above college credit and or advanced placement
 You should check with your school guidance office about specific college requirements
 Studying for Your AP Examination It is never too early to start studying The earlier you begin the more time you will have to sharpen your skills
 Do not procrastinate Cramming is not an effective way to study since it does not allow you the time needed to learn the test material
 It is very important for you to choose the time and place for studying that works best for you
 Some students may set aside a certain number of hours every morning to study while others may choose to study at night before going to sleep
 Other students may study during the day while waiting on a line or even while eating lunch
 Only you can determine when and where your study time will be most effective But be consistent and use your time wisely
 Work out a study routine and stick to it
 When you take the practice exam s try to make your testing conditions as much like the actual test as possible
 Turn your television and radio off and sit down at a quiet table free from distraction
 Make sure to time yourself As you complete the practice test s score your test s and thoroughly review the explanations to the questions you answered incorrectly but do not review too much during any one sitting
 Concentrate on one problem area at a time by reviewing the question and explanation and by studying our review s until you are confident that you completely understand the material
 Since you will be allowed to write in your test booklet during the actual exam you may want to write in the margins and spaces of this book when practicing
 However do not make miscellaneous notes on your answer sheet
 Mark your answers clearly and make sure the answer you have chosen corresponds to the question you are answering
 Keep track of your scores By doing so you will be able to gauge your progress and discover general weaknesses in particular sections
 You should carefully study the reviews that cover the topics causing you difficulty as this will build your skills in those areas
 To get the most out of your studying time we recommend that you follow the Study Schedule which corresponds to the exam you are taking
 It details how you can best budget your time
 If you are taking both exams do not try to study for each at the same time
 Try alternating days by studying for the United States exam one day and the Comparative exam the next
 Test Taking Tips Although you may be unfamiliar with tests such as the Advanced Placement exams there are many ways to acquaint yourself with this type of examination and help alleviate your test taking anxieties
 Listed below are ways to

help yourself become accustomed to the AP exam some of which may also be applied to other standardized tests Become comfortable with the format of the AP Examination in Government and Politics that you are taking When you are practicing to take the exam s simulate the conditions under which you will be taking the actual test s You should practice under the same time constraints as well Stay calm and pace yourself After simulating the test only a couple of times you will boost your chances of doing well and you will be able to sit down for the actual test much more confidently Know the directions and format for each section of the exam Familiarizing yourself with the directions and format of the different test sections will not only save you time but will also ensure that you are familiar enough with the AP exam to avoid nervousness and the mistakes caused by being nervous Work on the easier questions first If you find yourself working too long on one question make a mark next to it in your test booklet and continue After you have answered all of the questions that you can go back to the ones you have skipped Use the process of elimination when you are unsure of an answer If you can eliminate three of the answer choices you have given yourself a fifty fifty chance of getting the item correct since there will only be two choices left from which to make a guess If you cannot eliminate at least three of the answer choices you may choose not to guess as you will be penalized one quarter of a point for every incorrect answer Questions not answered will not be counted Be sure that you are marking your answer in the circle that corresponds to the number of the question in the test booklet Since the multiple choice section is graded by machine marking the wrong answer will throw off your score 550 AP U.
