**Abrasive, Soft and Ecological** Kaustav Chakraborty, 2026-01-22 The book in an innovative way interconnects theology, media and politics in order to understand masculinity in terms of everydayness, virtual circulations, cinematic projections, musical ramifications and political assertions. It not only opposes toxic Indian masculinity but also counterposes the vulnerable masculinities of feminine men and proposes reviving ecomasculinity and such other habitable masculinities. The book tries to understand abrasive masculinity as a muscular mentality that drives Indian men to act in certain stereotyped ways. Beginning with the anxiety of intimacy that an abrasive muscular mentality creates in relation to Indian men's belongingness with those who are projected as Other women and queer people, the volume tries to understand the

theological roots of abrasive masculinity along with its routed mediatized avatars Thereafter it shifts its focus to the vulnerable masculinity of soft men who are victimized on account of their effeminacy In an intersectional mode the plight of both feminine cisgender and gay men is critically discerned The book concludes with the counterculture of Indian YouTuber men who are detoxifying the mediatized Movement for Men s Rights in India along with revisiting the ecomasculine folk culture of indigenous India The author argues that in opposition to the culture of cancelling masculinity a habitable masculinity may be unfolded in order to enhance the social habitability of individuals irrespective of their gender and sexuality It deploys social media film music literature folk narratives and personal interviews as a means of interconnecting qualitative and quantitative methodologies The book will be useful for students researchers and teachers from the fields of Gender Studies Media Studies Sociology and Cultural Studies It will also appeal to those interested in the culture of masculinities in India

[Miracle Children](#) Katie Benner, Erica L.

Green, 2026-01-13 A riveting investigation into a school a scam and a notorious college admissions scandal that exposes the inequalities and racial segregation of American education from two award winning New York Times journalists T M Landry College Prep a small private school in Breaux Bridge Louisiana boasted a 100 percent college acceptance rate placing students at nearly every Ivy League university in the country. The spectacle of Landry students opening their acceptance letters to Harvard and Yale was broadcast on television and even celebrated by Michelle Obama. It became a national ritual to watch the miraculous success of these youngsters miraculous because Breaux Bridge is one of the poorest counties in the country ranked close to the bottom for test scores and high school graduation rates. T M Landry was said to be minting prodigies and the prodigies were often black. How did the school do it? It didn't. It was a scam pulled off with fake transcripts and personal essays telling fake stories of triumph over adversity. Worse Landry's success concealed a nightmare of alleged abuse and coercion. In a yearslong investigation Katie Benner and Erica L Green explored the lives of the students the school the town and Ivy League admissions to understand why black teens were pressured to trade in racial stereotypes of hardship for opportunity. Gripping and illuminating *Miracle Children* argues that the lesson of T M Landry is not that the school gamed the system but that it played by the rules that its deceptions and abuses were the outcome of segregated schools inequitable education and the belief that elite colleges are the nation's last path to life changing economic opportunity
