**WTF** Christine B. Whelan, 2011-05-01 We all know what WTF usually means; it's an exclamation of frustration, anger and an understandable reaction to the brutal new economic realities that have hit young adults harder than any other group. WTF happened to promises of a bright future? What happened to the jobs? And what do we do now that the rules have changed? Recent college grads were raised in a time of affluence and entitlement, lulled into thinking that a golden future would happen. Young adults with few role models to teach values like thrift, perseverance and self-control are ill-equipped to cope with sacrifice and failure. Their dismal employment prospects are merely the most visible symptom of more significant challenges. Fortunately, it's not too late to change course. This optimistic, reflective and technologically savvy generation already possesses the tools to thrive if only they learn to harness the necessary skills for success. In *Generation WTF*, Christine Whelan does just that. Dr. Whelan, one of the foremost authorities on the history of the self-help genre, worked with more than one hundred young people to test and tweak the best old-school advice and personalize it for the modern twenty-something. After a decade of researching the industry and years advising WTFers as they struggle to make their way in the real world, Dr. Whelan knows firsthand what advice works and what *Generation WTF* has to offer. Rather than focusing on the frustration that WTF usually stands for, Dr. Whelan leads the charge to reclaim the acronym as a battle cry for a positive future. *Generation WTF* will be a wise, tenacious and fearless generation strengthened by purpose and hope. This practical new guide will show these WTFers the way to success and instill lasting habits that will serve them well in both good times and bad. **The City Record** New York (N.Y.), 1906 Includes Official canvas of votes, varies slightly 1878-1943 **Von der**
