Social Sciences Index, 1987 Macro Case Studies in Social Work Robert W. McClelland, 1998 Evidence-based Practice in Social Work Andy Bilson, 2005 Social services are under pressure from Government and the public to demonstrate the effectiveness of what they do If the search for useable and relevant measures of effectiveness is to succeed practitioners managers and policymakers must have an understanding of the underlying social science concepts such as Evidence based practice EBP This concept is now promoted as a scientific approach to policy and practice However the concept was developed in the field of medicine and many would ask whether we can safely apply it to the messy process of social problem solving The promotion of evidence based practice also has implications for the content and focus of social work education and training and for the selection and recruitment of staff and students Evidence based Practice and Social Work provides a comprehensive overview of developments in this field and highlight many important debates and dilemmas Writers give clear pointers to the need for a new partnership between research policy and practice able to promote effective services They suggest a more inclusive version of EBP that is better able to respond to the uncertainties of social work practice in the real world Contents include An empirical study of the obstacles to evidence based practice Brian Sheldon Professor of Applied Social Research Director
