Product Overview

Elite fire control panels can send data to, and be controlled by, the GUIDE system providing a single point of control for all alarms. The powerful 32-bit program features a standard Windows look and feel and runs under Windows® XP, Vista, or Windows® 7&10.

The system is highly configurable in terms of the style of presentation so that the end user can be presented with maps, text, photographs, audio, or a combination of all as required.

User profiles allow the system manager to control the options available to each individual system user. A comprehensive history logging and reporting system allows analysis of events and trends to be identified to reduce unwanted alarms.

Easy to program and simple to use, GUIDE provides a cost-effective solution for fire alarm management at many levels.
