**Once More Unto the Speech, Dear Friends: The tragedies** William Shakespeare, 2006-12 Applause Books There has been a great change in the last twenty years to actor auditions which now require the demonstration of enormous flexibility The actor is often expected to show more range than ever before and often several shorter audition speeches are asked for instead of one or two longer ones To stay at the top of his or her game the Shakespearean actor needs more knowledge of what makes the play tick especially since the early plays demand a different style from the later ones Each genre comedy history tragedy has different requirements No current monologue book deals directly with the bulk of these concerns One More unto the Speech Dear Friends now fills that gap This three volume set will help actors discover the extra details of humanity that the original folio texts automatically offer Of Shakespeare's 37 plays only Pericles is not included In the trilogy of books there are over 900 separate audition possibilities This represents about 600 more monologues than are available in any other series There are four parts to each speech A background giving context and approximate timing A modern text version The original folio version Commentary to explain the differences between the two texts including full discussion of the devices peculiar to that speech's genre the age and gender of the character and more The Unkindest Cut of All Sue Barnard, 2016-03-29 Beware the Ides of March Brian Wilmer is God's gift to amateur dramatics and he knows it So when the Castlemarsh Players take the ambitious decision to stage Shakespeare's Julius Caesar there is only one man who can play the title role even though Brian's posturing prima donna attitude has over the years won him few friends and many foes Rehearsals progress apace and the production draws ever closer But when another member of the cast has to drop out due to illness local journalist Sarah Carmichael a stalwart of the Players backstage crew suddenly finds herself called upon to step into the breach at the eleventh hour Not surprisingly Sarah finds that Brian is in his egotistical element playing the mighty Caesar The fact that the final performance of the play takes place on the infamous Ides of March the day when according to tradition Caesar was fatally stabbed only adds to the excitement But tragedy is waiting in the wings And when it strikes it falls to Sarah with the help of Brian's personable and fascinating nephew Martin Burns to uncover the incredible truth about what really happened **The Unkindest Cut of All** Sue Barnard (Fiction writer), 2019 Rossmoyne Duchess, 1906
