A truly unique and transformational book Paul

Hewitt Sports Performance Specialist *Lansing Telephone Directories* ,1985 *Shouting Won't Help* Katherine Bouton,2013-02-19 For twenty two years Katherine Bouton had a secret that grew harder to keep every day An editor at The New York Times at daily editorial meetings she couldn t hear what her colleagues were saying She had gone profoundly deaf in her left ear her right was getting worse As she once put it she was the kind of person who might have used an ear trumpet in the nineteenth century Audiologists agree that we re experiencing a national epidemic of hearing impairment At present 50 million Americans suffer some degree of hearing loss 17 percent of the population And hearing loss is not exclusively a

product of growing old The usual onset is between the ages of nineteen and forty four and in many cases the cause is unknown Shouting Won t Help is a deftly written deeply felt look at a widespread and misunderstood phenomenon In the style of Jerome Groopman and Atul Gawande and using her experience as a guide Bouton examines the problem personally psychologically and physiologically She speaks with doctors audiologists and neurobiologists and with a variety of people afflicted with midlife hearing loss braiding their stories with her own to illuminate the startling effects of the condition The result is a surprisingly engaging account of what it s like to live with an invisible disability and a robust prescription for our nation s increasing problem with deafness A Kirkus Reviews Best Nonfiction Book of 2013 *The Federal Law Reports*
