*Timpson's English Eccentrics* John Timpson, 1991 In *Timpsons English Eccentrics* John Timpson takes a look at over 120 characters who would appear eccentric to most of us in any age and generally endearingly so whose behaviour or lifestyle was generally bizarre      *In Search of the English Eccentric* Henry Hemming, 2008 The English eccentric is under threat In our increasingly homogenised society these celebrated parts of our national identity are anomalies that may soon no longer fit Or so it seems On his entertaining and thought provoking quest to discover the most eccentric English person alive today Henry Hemming unearths a surprisingly large array of delightfully odd characters He asks what it is to be an eccentric Is it simply to thrive on creativity and non conformity and where does this incarnation of Englishness stem from Hemming concludes that this tribe is in fact in rude health as essential as ever to the English national identity only they are no longer to be found where you d expect them Featuring interviews with Dame Vivienne Westwood the Marquess of Bath Pete Doherty the modern day reincarnation of King Arthur the Leopard Man of Skye Sebastian Horsley Chris Eubank Captain Beany and Brian Haw among others      **Science and Eccentricity** Victoria Carroll, 2016-09-12 The concept of eccentricity was central to how people in the nineteenth century understood their world This monograph is the first scholarly history of eccentricity Carroll explores how discourses of eccentricity were established to make sense of individuals who did not seem to fit within an increasingly organized social and economic order She focuses on the self taught natural philosopher William Martin the fossilist Thomas Hawkins and the taxidermist Charles Waterton      Book of Oddballs and Eccentrics Karl Shaw, 2004 A vast and truly extraordinary collection of the phobias compulsions odd beliefs and weird habits of many well known individuals
