Promoting Healing and Resilience in People with Cancer: A Nursing Perspective Mary Grossman, 2022-12-08 This is the first Nursing book on cancer care designed around a conceptual model of whole person care Key concepts are stress healing resilience and health As a clinical model nursing goals desired outcomes key concepts and proposed psychosocial interventions with patients and family caregivers advance the practice of clinical nursing toward a more comprehensive understanding of the whole person with cancer and their loved ones As a model for teaching nursing students about chronic illness it provides a scientific basis for students to learn how to assess and care for the whole person and his loved one As a model for clinical research in the field of cancer care it serves as a predicate for the development evaluation and interpretation of clinical interventions The model is a dynamic framework that both informs and is informed by research findings It is hoped that future research findings will reveal the optimal combination of interventions to provide comprehensive care across clinical contexts With a patient centred humanistic focus anchored by the quality of the nurse patient and family caregiver relationships it is hoped that the nurse s technical procedural and medical expertise may complement rather than define the nurse s approach to the whole patient and family The book is structured to facilitate the reader s easy access to needed information Each chapter examines a key concept of the model and is organized around an introduction learning objectives definitions and relevant research findings that serve as the scientific predicate for suggested interventions discussed in Part 4 Nursing approaches Clinical and personal anecdotes tables and figures illustrate the concepts under discussion Nurse practitioners clinic nurse specialists nursing professors graduate students and nurse researchers may find this book a useful reference for conceptualizing whole person care and for determining relevant interventions that promote healing resilience and health But it is also relevant for family doctors and fourth year students learning to care for the whole person with a chronic illness

Cousins and Bridenbaugh's Neural Blockade in Clinical Anesthesia and Pain Medicine Michael J. Cousins, 2012-03-29 This comprehensive authoritative text presents the scientific foundations and clinical practice of neural blockade in both regional anesthesia and the management of pain The descriptions and illustrations of pain mechanisms are considered classic examples The Fourth Edition has been refined for clarity and flows logically from principles and pharmacology to techniques for each anatomic region to applications This edition has two new co editors and several new chapters on topics including neurologic complications neural blockade for surgery treatment of pain in older people and complications in pain medicine A companion Website will offer the fully searchable text and an image bank

Successful Teacher: Personality and Other Correlates Elena Mirela Samfira, Tiberiu Sandu Dughi, Jesus de la Fuente, 2023-11-08 The question of what makes a good teacher has been asked by practitioners policymakers and researchers Teachers are important drivers of student success in the immediate term such as academic success Nowadays

the education process is influenced by various factors which can all have a strong effect on the quality of teaching and learning Having the intention to create high quality teaching and learning it is very important to clearly determine what those factors are and what kind of effect they have on the education process Different teacher characteristics and competencies have been distinguished in the literature as being relevant predictors of their instructional quality Even though educational psychology has emphasized the significance of the personality role in the education process the empirical evidence on the relationship between teacher characteristics and instructional quality is not yet conclusive Certainly there is much more to find out *Today's Education* ,1979 **Lewis's Child and Adolescent Psychiatry** Andrés Martin,Fred R. Volkmar,Melvin Lewis,2007 Established for fifteen years as the standard work in the field Melvin Lewis s Child and Adolescent Psychiatry A Comprehensive Textbook is now in its Fourth Edition Under the editorial direction of Andr s Martin and Fred R Volkmar two of Dr Lewis s colleagues at the world renowned Yale Child Study Center this classic text emphasizes the relationship between basic science and clinical research and integrates scientific principles with the realities of drug interactions This edition has been reorganized into a more compact clinically relevant book and completely updated with two thirds new contributing authors The new structure incorporates economics diversity and a heavy focus on evidence based practice Numerous new chapters include genetics research methodology and statistics and the continuum of care and location specific interventions A companion Website provides instant access to the complete fully searchable text
