Straightforward Supplement Guide Tyler Johnston,2018-03-18 THE MAJORITY OF MUSCLE BUILDING AND FAT LOSS SUPPLEMENTS BEING SOLD TODAY ARE QUITE SIMPLY BULLSH T Find Out What s Worth It and What s Worthless Once and For All In a fitness industry that has become completely overrun with fads false information and outright scams The No B S Straightforward Supplement Guide was written as your no nonsense resource to help you reach your fitness goals of building muscle and burning fat the right way Stop falling for the multi million dollar ads that talk about the latest revolutionary discovery that will allow you to pack on 50lbs of muscle while you sit on the couch Beyond a small handful of supplements most of what s out there flat out doesn t work yet most trainees still hugely over value these products and have completely unrealistic expectations about just how big or small of an impact the latest breakthrough pill will actually have STOP Wasting Money STOP The Confusion In this No B S guide I ll be laying out the honest truth about which supplements actually work and how to include them in your plan to maximize your results Here s a sample of some of the things you re going to learn when you read this book How to Save Hundreds if not Thousands of Dollars of Your Hard Earned Money The 6 Secret Scams of the Supplement Industry Which Supplements are the Best for Building Muscle and Which are Overhyped and Overpriced Which Supplements are the Best for Burning Fat and Which are Overhyped and Overpriced The 5 Essential Supplements to Make up the Foundation of Your Plan The Extended Supplement Stack to Fully Maximize Your Results The Perfect Pre Workout Stack And More Learn The Science Based Info You Can Trust I get it I love the idea of lying back popping a few pills and slugging back a quick shake to see an effortless overnight boost in muscle growth and fat loss just as much as the next guy But it just doesn t work that way no matter what the photoshopped fitness model in the supplement ad told you In reality the majority of products lining the shelves at your local supplement shop are packed full of ineffective ingredients that are NOT backed by any real scientific research They re usually under dosed poorly formulated and hide

specific ingredient amounts behind proprietary blends and in some cases don't even actually contain what the label says. It might sound crazy but these sorts of things are actually pretty common practice and it's easy for supplement companies to get away with them since the industry is so loosely regulated by the FDA. The bottom line is if you're spending money on supplements for bodybuilding, building muscle, burning fat, enhancing sports performance, or just want to know the secrets of this industry and its various products, then you want to read this book. **SPECIAL BONUS FOR READERS** With this book you'll also get a free bonus report from Tyler called **10 Deadly Fat Loss Mistakes Sabotaging Your Fat Loss Success**.
