Abstraction and Aging Jason S. Lee, 1991 Abstraction is one facet of intellectual functioning The study of abstraction allows extremely valuable insights into human intelligence While this monograph indicates that the ability to think abstractly declines slightly with age there are a number of variables determining abstract thinking and its relation to intelligence over the life span This monograph defines abstraction from all angles of thought contrasting it with high order thinking and stereotyped thinking it discusses and evaluates tests of abstract thinking and it presents new findings in sociological and psychological research on abstraction *Assessing Students with Special Needs* John Venn, 2004 Known for its practical applied approach the fourth edition of John Venn s *Assessing Student s with Special Needs* continues to focus on how teachers can use assessment as a guide to instruction This noteworthy revision focuses on what teachers really need to know to include assessment in the curriculum Coverage includes all of the core information expected of an assessment text but the book goes far beyond the basics by addressing multicultural considerations technology and assessment high stakes testing and the reauthorization of IDEA The book clearly shows how assessment is more than giving a test to a child but is an

essential tool for teachers as they help students achieve learn develop and grow
