The AI Revolution in Customer Service and Support Ross Smith, Mayte Cubino, Emily McKeon, 2024-07-16 In the rapidly evolving AI landscape customer service and support professionals find themselves in a prime position to take advantage of this innovative technology to drive customer success. The AI Revolution in Customer Service and Support is a practical guide for professionals who want to harness the power of generative AI within their organizations to create more powerful customer and employee experiences. This book is designed to equip you with the knowledge and confidence to embrace the AI revolution and integrate the technology such as large language models (LLMs), machine learning, predictive analytics, and gamified learning into the customer experience. Start your journey toward leveraging this technology effectively to optimize organizational productivity. A portion of the book's proceeds will be donated to the nonprofit Future World Alliance dedicated to K-12 AI ethics education.

IN THIS BOOK YOU'LL LEARN About AI machine learning and data science. How to develop an AI vision for your organization. How and where to incorporate AI technology in your customer experience flow. About new roles and responsibilities for your organization. How to improve customer experience while optimizing productivity. How to implement responsible AI practices. How to strengthen your culture across all generations in the workplace. How to address concerns and build strategies for reskilling and upskilling your people. How to incorporate games, play, and other techniques to engage your agents with AI. Explore thought experiments for the future of support in your organization. Insightful, comprehensive, and forward-thinking.

If you run a service support operation, put this book on your essential reading list right now.

PHIL WOLFENDEN Cisco VP Customer Experience

This book is both timely and relevant as we enter an unprecedented period in our industry and the broader world driven by Generative AI. The magnitude and speed of change we're experiencing is astounding, and this book does an outstanding job balancing technical knowledge with the people and ethical considerations. We must also keep front of mind **BRYAN BELMONT** Microsoft Corporate VP Customer Service Support. The authors of this book are undoubtedly on the front lines of operationalizing Gen AI implementations in customer support environments, and they know undoubtedly that at its core, support is about people and genuine human connections.

This book walks you through their journey to keep people at the center of this technical tsunami.
