

The Last Day of School

It was the last day of school and everyone was excited. The teacher, Mrs. Smith, had a surprise for the students. She was going to take them on a field trip! The students were so excited they could hardly sit still. They were singing and dancing around the classroom. Mrs. Smith told them to settle down so she could explain the field trip. Mrs. Smith said that they were going to the zoo. Everyone cheered and shouted with excitement. Mrs. Smith said that they would get to see all sorts of animals and even have a picnic lunch. When they arrived at the zoo, the students were amazed. They had so much to see and do. They saw elephants, tigers, giraffes, and monkeys. They got to feed some of the animals. After the zoo, they had a picnic lunch in the park. The students had a great time and were sad when it was time to go back to school. Mrs. Smith said she would miss them all and hoped they had a great summer. On the way back to school, the students were still excited. They talked about their favorite parts of the day and laughed about all the funny things they saw. When they got back to school, everyone said their goodbyes. They hugged Mrs. Smith and thanked her for a wonderful last day of school. It was a day they would never forget.

Reading Comprehension Icloud Last 90 Days:

Leadership Michael Z. Hackman, Craig E. Johnson, 2013-04-03 Leadership is an integral component of the human experience and of practical importance to all. For nearly 25 years the multiple editions of Hackman and Johnson's outstanding work have been the backbone of leadership courses at hundreds of colleges and universities. The authors extend this tradition of excellence in the Sixth Edition which continues to serve as a valuable catalyst for generating new insights, debating controversial issues, and contributing to the ongoing dialogue on leading and following. Hackman and Johnson illuminate our understanding of leadership by approaching it as a communication-based activity. They artfully balance research and theory with practical, real-world suggestions for improving communication competence and leadership effectiveness in small group, organizational, and public contexts. The comprehensive Sixth Edition adds discussions of organizational politics, project leadership, executive level teams, adaptive leadership, intergroup leadership, sensemaking, and in extremis leadership. Readers will also appreciate the expanded treatment of bad leadership, emotional competencies, followership styles, charisma, leader development, crisis leadership, and virtual team leadership. Case studies cover such timely issues as the pink slime controversy, the legacy of Steve Jobs, banning super-sized soft drinks, the scandal at Penn State University, and the Miracle on the Hudson. Abundant examples, case studies, self-assessments, and research highlights enhance the presentation. Moreover, wide-ranging application exercises offer multiple opportunities for readers to review and apply the skills covered in the chapters.
