questions prepare you for the interactive question types you'll encounter on the computerized NCLEX examination. Answers and rationales for all review questions help you understand why correct answers are right and incorrect options are wrong. An Alert feature highlights key nursing concepts frequently found on the NCLEX examination. Separate chapters on pharmacology and nursing management help you focus on these areas of emphasis on the NCLEX examination. Additional practice questions raise the total to 2,020 in the book and on the companion CD. More figures, charts, and cartoons further illustrate important anatomy, procedures, and disease processes. Application and analysis questions challenge you to use your critical thinking skills and closely mirror the types of questions on the NCLEX RN examination. UNIQUE! A pediatric disorders icon makes it easy to distinguish pediatric disorders from adult disorders in chapters with system-integrated content. The detailed table of contents includes disorder headings to help you quickly find information on specific disorders within system-integrated content.

Lehne's Pharmacotherapeutics for Advanced Practice Nurses and Physician Assistants Third Edition builds on the same foundation of clearly explained, up-to-date and clinically current content as Lehne's trusted undergraduate text while focusing on the information that advanced practice nurses and Physician Assistants specifically need for safe and effective prescribing. Introductory chapters provide foundational content in the areas of prescriptive authority, rational drug selection, prescription writing, and promoting positive outcomes of drug therapy. Core drug chapters focus on the drugs that you will most commonly see in clinical practice. Pharmacotherapeutic decision making is emphasized with Black Box Warnings and new Drug Decision Guide boxes. This edition features completely updated content with new chapters on drugs for sexual dysfunction and drugs for transgender health. It's everything you need to be a safe and effective prescriber.
