

Example style guide

by Jean Hollis Weber

This document accompanies "Developing a Department Style Guide," published at <http://www.techwhirl.com/>, and includes a sample outline of a style guide.

Some of the sections include some detailed sample text; others do not. Please note that the examples shown here are not necessarily the "correct" choices, or the "preferred" choices, or the "best" choices; they are simply examples of things to include. Your project may require additional items, especially if your writing will be used on a Web site.

Style Guide for XYZ Corporation

Follow this style guide when writing or editing materials to be published by XYZ Corporation, to ensure that documents conform to corporate image and policy, including legal requirements, and to improve consistency within and among our publications. Use this style guide as part of the specifications for your writing projects, along with:

- XYZ Corporation Technical Writing Process Guide
- XYZ Corporation Document Design Guide

References

This style guide lists decisions we have made for this company. It supplements several standard style guides, dictionaries, and other reference material. If you can't find something in our style guide, look in these references or refer your question to the departmental editor.

Dictionaries

Merriam-Webster's Collegiate Dictionary, Tenth Edition. Springfield, MA: Merriam-Webster, Inc., 1994, is the preferred source.

Style Manuals

This guide takes precedence over all other sources.

The Chicago Manual of Style, 14th Edition. Chicago, IL: University of Chicago Press, 1993.

Read Me First! A Style Guide for the Computer Industry. Mountain View, CA: Sun Microsystems, Inc., 1996.

Grammar/Usage Guides

For questions about grammar, consult any of the following:

Webster's Dictionary of English Usage. Springfield, MA: Merriam-Webster, Inc., 1989.

Soulin, Marjorie E., and Robert M. Gay. Words into Type, 3rd Edition. Englewood Cliffs, NJ: Prentice-Hall, 1974.

Strunk, William, Jr., and E.B. White. The Elements of Style, 3rd Edition. New York: Macmillan, 1979.

Online References

[Fill in as appropriate]

Mechanics

Graphic Elements

Include drawings, figures, tables, and screen shots, whenever it seems useful or otherwise appropriate. Give each graphic element an informative caption.

Refer to each graphic element at an appropriate place in the running text.

For graphic elements used on Web pages, such as navigation aids, icons, photos, and other images, always include alternate text within the IMAGE tags. For example...

Hyphenation

Punctuation

Use standard American punctuation. [If some of your writers are more used to British punctuation, you may need to add an example or two here.]

Use of Language

General

Use short, simple, easy-to-understand words and sentences.

Avoid the passive voice, except where appropriate. [You may want to include an example of an appropriate use.]

In general, use the present tense and, where appropriate, the imperative mood ("Do this.")

Use strong subject-verb constructions. Avoid weak constructions such as "There are."

Be concise; avoid wordy phrases.

Negotiating Cultural Encounters Han Yu,Gerald Savage,2013-03-05 Discusses the challenges of intercultural communication in engineering technical and related professional fields Given today s globalized technical and engineering environment intercultural communication is an essential topic for engineers other technical professionals and technical communicators to learn Engineering programs in particular need to think about how to address the ABET requirement for students to develop global competence and communication skills This book will help readers learn what intercultural communication is like in the workplace which is an important first step in gaining intercultural competence Through narratives based on the real experiences of working professionals Negotiating Cultural Encounters Narrating Intercultural Engineering and Technical Communication covers a range of design development research and documentation projects offering an authentic picture of today s international workplace Narrative contributors present firsthand experience and perspectives on the complexities and challenges of working with multicultural team members international vendors and diverse customers additional suggested readings and discussion questions provide students with information on relevant cultural factors and invite them to think deeply and critically about the narratives This collection of narratives Responds to the need for updated firsthand information in intercultural communication and will help us prepare workplace professionals Covers various topics such as designing e commerce websites localizing technical documentation and translating workplace safety materials Provides hands on studies of intercultural professional communication in the workplace Is targeted toward

institutions that train engineers for technical communication tasks in diverse sociocultural environments. Presents contributions from a diverse group of professionals. Recommends additional material for further pursuit. A book unlike any other in its field, *Negotiating Cultural Encounters* is ideal for all engineering and technical communication professionals seeking to better communicate their ideas and thoughts in the multicultural workplaces of the world. **Plain Language in Plain English** Cheryl Stephens, 2010 This book shows you how to write for customers and clients in language that's easy to understand. It is a thorough companion to the writing process with comprehensive guidance and advice on understanding your readers' planning and creating your text and presenting your words in a good design. The contributor list reads like a who's who of plain language experts. *Plain Language in Plain English* is a valuable resource for governments, businesses, service providers and professionals in any field to improve their communication. From organizational guidelines literacy awareness and reader expectations to effective speaking strategies for presentations, *Plain Language in Plain English* is a comprehensive tool to have in your communication toolbox.

What Can You Do with Your Bible Training? Brandon C. Benziger, Adam W. Day, 2023-06-23 Employment in the field of biblical studies has changed significantly in recent years and the coronavirus pandemic has only exacerbated the resulting challenges. The purpose of this anthology is to inform and inspire evangelical students and graduates of biblical studies programs about the wide variety of training related vocational paths they can pursue both conventional and unconventional. The book does this by listing and categorizing twenty five relevant pathways sharing the stories and insights of insiders within each pathway and calling for further creativity in putting one's biblical training to work. Each contributor shares 1 how they settled into their represented occupation, 2 the ways in which they have used their biblical training in that occupation, 3 the joys and trials of their work and 4 advice for those who would like to follow in their footsteps. The volume stands in the tradition of several nuts and bolts like resources within the guild e.g. Nijay Gupta's *Prepare Succeed Advance* and Ben Witherington's *Is There a Doctor in the House* and it seeks to develop that tradition considerably.

Business Discourse Francesca Bargiela-Chiappini, Catherine Nickerson, B. Planken, 2013-07-25 This second edition reviews the field of business discourse centring on the investigation of business language and communication as practice. It combines research based discussions with innovative practical applications and promotes debate and enquiry on a range of competing issues emerging from business discourse research and teaching practice.

Digital Transformation Champions Missy Parks, 2025-10-21 Lead, plan and execute a winning digital transformation training program. Digital transformations are an integral and inescapable reality of today's business world. However, they rarely proceed without disruption and when people don't know how to use new technology to do their jobs, expected wins remain inaccessible. That doesn't have to be the case. *Digital Transformation Champions* provides a framework for directing a training program that helps organizations across industries successfully upskill their teams. Drawing on literature research and author Missy Parks's twenty five plus years of experience leading digital transformation efforts, this

guide delivers a structured approach to both large scale and incremental initiatives With solutions to common missteps and practical tools and samples to manage training activities Digital Transformation Champions empowers leaders to drive confident competent adoption of new technologies and business processes By applying the concepts set forth in this book you can achieve better learning and lasting adoption requisites for competitive business change Join the ranks of digital transformation champions today How to Prepare Training Manuals Lynn Arthur Emerson,1952 With her one hundred dollars worth of bubble gum Gia and her friends blow a gigantic bubble that leads to even bigger adventures **Training**
