Stealing the Network: The Complete Series Collector's Edition, Final Chapter, and DVD Ryan Russell, Johnny Long, Timothy Mullen, 2009-04-10 Stealing the Network How to Own the Box is a unique book in the fiction department. It combines stories that are fictional with technology that is real. While none of the stories have happened there is no reason why they could not. You could argue it provides a road map for criminal hackers but I say it does something else. It provides a glimpse into the creative minds of some of today's best hackers and even the best hackers will tell you that the game is a mental one. From the Foreword to the first Stealing the Network book How to Own the Box Jeff Moss Founder Director Black Hat Inc and Founder of DEFCON For the very first time the complete Stealing the Network epic is available in an enormous over 1000 page volume complete with the final chapter of the saga and a DVD filled with behind the scenes video footage. These groundbreaking books created a fictional world of hacker superheroes and villains based on real world technology tools and tactics. It is almost as if the authors peered into the future as many of the techniques and scenarios in these books have come to pass. This book contains all of the material from each of the four books in the Stealing the Network series. All of the stories and tech from How to Own the Box, How to Own a Continent, How to Own an Identity, How to Own a Shadow Plus. Finally find out how the story ends. The final chapter is here. A DVD full of behind the scenes stories and insider info about the making of these cult classics. Now for the first time the entire series is one 1000 page book. The DVD contains 20 minutes of behind the scenes footage. Readers will finally learn the fate of Knuth in the much anticipated Final Chapter.

The last great work of the age of reason the final instance when all human knowledge could be presented with a single point of view. Unabashed optimism and unabashed racism pervades many entries in the 11th and provide its defining characteristics. Despite its occasional ugliness the reputation of the 11th persists today because of the staggering depth of knowledge contained with its volumes. It is especially strong in its biographical entries. These delve deeply into the history of men and women prominent in their eras who have since been largely forgotten except by the historians scholars.
