FemDom and almost no one talks about FemDom as a relationship model. Needless to say that it seems all of the writings are from men and they really don't understand women especially not Dominant women. I have been in a FemDom relationship for almost 10 years now and yes it works it's the best lifestyle ever. I love it. But getting there wasn't easy. The stuff on the internet for instance was worthless. I received lots of help but I have to admit that much of this was sheer luck. The first step was understanding my submissive husband and his desire to be dominated. It was by accident that I discovered my husband's visits to a Dominatrix. How was I supposed to understand that? If I would have had access to a book like this one I would've understood him much better. But back then this book didn't exist. Instead I invested lots of time to understand submissive men and went on a journey. After some time we introduced FemDom. I learned to Dominate, I learned to command, I learned to own him. He's mine now. And both of us love it. But even today 10 years later there still is no adequate book or guide out there which teaches the two most basic things: Accepting and understanding submissive men as a woman Dominant and living a FemDom relationship in the long run. That's why I decided to write this book. It's not only a collection of thoughts; it's a thorough handbook guiding you on your journey towards total FemDom. Here is an overview of what you will find inside:

Chapter 1: Why I Became A Mistress
Chapter 2: The Benefits Of Female Domination
Chapter 3: The Mistress And How To Become One
Chapter 4: Finding A Submissive Male Or Creating One
Chapter 5: Train A Submissive Male To Be A Slave
Chapter 6: Establishing Your Authority Ways To Make Him Obey
Chapter 7: Managing A Femdom Relationship
Chapter 8: How To Make Him Obey With Rituals And Things
Chapter 9: The Art Of Discipline Advice Technique And Implements
Chapter 10: Femdom Examples
Chapter 11: Frequently Asked Questions
Chapter 12: Last Steps

It's a 170 page book and contains years of experience. What do you need more? Here are the two FemDom rules:

- 1. Mistress is always right.
- 2. When Mistress is wrong, Rule 1 applies.

Headland,1912 *Dominant Female Submissive Male* Sophia James,2019-04 Why do Women even very attractive women stay in relationships with Men who treat them badly Is it low self esteem or a desire to submit to a dominant man A dominant man who will provide all the romance and excitement she has been brought up to believe is her natural right In my case it was the latter I wanted the big handsome hunky guy who would sweep me off my feet treat me like a princess in public and his sex slave in the bedroom But as most women find out life is not a fairy tale A real life Rhett Butler probably does exist but you will have more chance of finding a needle in a haystack Elizabeth Bennett found happiness but for every Mr Darcy there are hundreds of selfish men who think a woman s job is just to supply sex and child care WOMEN SHOULD UNDERSTAND THE POWER THEY HAVE I didn t realise it until I was thirty five and until that point I put up with my men coming home drunk wasting my money getting fatter and more abusive and providing me with increasingly disappointing sex I put up with it no longer I now have a man who sees it as his principle aim in life to keep me happy contented wealthy and sexually satisfied I have known my man for most of my life but he only became my boyfriend seven years ago During that time I have been a professional Dominatrix and a writer of books dedicated to the dominant female And my boyfriend is also my slave In this book I explain how all this came about The book is more about personal transformation and female empowerment than it is about kinky usually fictional sexual fantasies The success of the book Fifty shades of grey shows the interest there is out there in an alternative discipline based life style and emphasises that many women share that interest Unlike fifty shades of grey Dominant Female Submissive Male is primarily a manual for submissive men to find the Mistress of their dreams but it is also an eye opener for frustrated women as it shows them the glorious very exotic and exciting life they could have While some submissive men are slightly pathetic and even creepy many are romantic kind hearted reliable and good fun They adore and respect women and see it as their role in life to support them What s not to like about that They will have a desire for discipline and this desire will be inextricably linked to their sexual nature For some this will be extreme and involve heavy BDSM but for most it will involve safe erotic role play and spankings The point is that Women control when how and even if it happens Women have the power in all aspects of the relationship and how they exercise that power is up to them Believe me once you have a man on his knees begging for an orgasm you will never look back But Women do not want to live with a wimp and this is what a lot of very nice submissive men fail to understand and why many of them remain frustrated and single when with a little change of emphasis their dreams are so easily achievable This book is a guide on how to affect this change of emphasis and to get across what women are looking for and will accept in a loving fulfilling and very kinky

relationship It also explains how submissive men can learn to accept and enjoy their kink and how to widen their circle of fetish friends It relates the authors own experiences and offers guidance on how to get the best out of a session with a Dominatrix and how to become more than just a client to her It also explains how to tell your wife about your desire for female domination and more importantly how not to It also offers cautionary tales and about how not to get ripped off by unscrupulous con artists The central aim of the book however is to bring together good men who have a desire for female domination with good women looking for a lover who will provide happiness support fun excitement and success Please click on the look inside feature for a preview [The Rough Guide to Horror Movies](#) Alan Jones,2005 Traces the origins and history of horror motion pictures identifies and reviews fifty essential movies includes a look at key actors actresses and directors and discusses related Web sites festivals and magazines [The Dominant Wife Rule Book - Chastity Device Edition](#) Mistress Jessica,2014-08-13 What you will find that follows this introduction is a set of rules and information that you can adhere to in your Dominant submissive relationship or not If you purchased the actual book rather than the E book you will find each page has the rule listed and a check box for Yes and No so that you may start off slowly implementing new rules when either an infraction of that particular rule is encountered and needs to be dealt with by agreeing to adhere to the new rule or say when the submissive has to many minor infractions and because of that a new rule needs be added to the submissive list of rules they will need to adhere to Kind of like you do something bad then you have a new rule in your life It can be quite a lot of fun just sitting down and reading a rule and each time a new rule is added the submissive life can change dramatically because of it How you implement the rules or not is entirely up to you these are just guidelines things that we have found have been fun and work well in our relationship feel free to alter or change a rule to fit your own situations We have even included a number of pages for you to add your own specific rules that you may have that is not included in our own rules What you have in the end is pretty much an owner s manual for your submissive husband what better fun can there be for a submissive husband to know that in his house is a book of rules that he must follow else he may be punished by his Dominant wife I personally like to leave the book lying around the house just so my submissive husband can see it and know that it is there
