Brown Saviors and Their Others Arjun Shankar, 2022-06-30 In *Brown Saviors and Their Others* Arjun Shankar draws from his ethnographic work with an educational NGO to investigate the practices of brown saviors globally mobile dominant caste liberal Indian and Indian diasporic technocrats who drive India's help economy Shankar argues that these brown saviors actually reproduce many of the racialized values and ideologies associated with who and how to help that have been passed down from the colonial period while masking other operations of power behind the racial politics of global brownness In India these operations of power center largely on the transnational labor politics of caste Ever attentive to moments of discomfort and complicity Shankar develops a method of nervous ethnography to uncover the global racial hierarchies graded caste stratifications urban rural distinctions and digital panaceas that shape the politics of help in India Through nervous critique Shankar introduces a framework for the study of the global help economies that reckons with the ongoing legacies of racial and caste capitalism

Excel 2007 Matthew MacDonald, 2006 Microsoft Excel continues to grow in power sophistication and capability but one thing that has changed very little since the early 90s is its user interface The once simple toolbar has been packed with so many features over the years that few users know where to find them all Microsoft has addressed this problem in Excel 2007 by radically redesigning the user interface with a tabbed toolbar that makes every feature easy to locate and use Unfortunately Microsoft's documentation is as scant as ever so even if users can find advanced features they probably won't know what to do with them Excel 2007 The Missing Manual covers the entire gamut of how to build spreadsheets add and format information print reports create charts and graphics and use basic formulas and functions Like its siblings in the Missing Manual series this book crackles with a fine sense of humor and refreshing objectivity about its subject guiding readers through the new Excel with clear explanations step by step instructions lots of illustrations and friendly time saving advice It's a perfect primer for small businesses with no techie to turn to as well as those who want to organize household and office information
