Studebaker Less Than They Promised:

Studebaker Michael Beatty, 1984 **The Automobile in American History and Culture** Michael L.

Berger, 2001-07-30 This comprehensive reference guide reviews the literature concerning the impact of the automobile on American social economic and political history Covering the complete history of the automobile to date twelve chapters of bibliographic essays describe the important works in a series of related topics and provide broad thematic contexts This work includes general histories of the automobile the industry it spawned and labor management relations as well as biographies of famous automotive personalities Focusing on books concerned with various social aspects chapters discuss such issues as the car s influence on family life youth women the elderly minorities literature and leisure and recreation Berger has also included works that investigate the government s role in aiding and regulating the automobile with sections on roads and highways safety and pollution The guide concludes with an overview of reference works and periodicals in the field and a description of selected research collections The Automobile in American History and Culture provides a resource with which to examine the entire field and its structure Popular culture scholars and enthusiasts involved in automotive research will appreciate the extensive scope of this reference Cross referenced throughout it will serve as a valuable research tool

Studebaker Donald T. Critchlow, 1996 While the Big Three automobile companies came to dominate the industry its early history was characterized by an array of competing companies Studebaker s story is the chronicle of the life and death of an American automobile company where managements concept of tradition played a fundamental role in modeling corporate culture rhetoric and strategy Donald T Critchlow focuses on how organizational philosophies developed by successive managerial regimes reflected and influenced corporate strategies concerning product development investment policies employee relations and the allocation of resources The upper management of Studebaker thus shaped corporate strategy within an institutional environment that embodied company tradition and responded to market forces **Streamliner** John Wall, 2018-08-15 The true story of Raymond Loewy whose designs are still celebrated for their unerring ability to advance American consumer taste Born in Paris in 1893 and trained as an engineer Raymond Loewy revolutionized twentieth century American industrial design Combining salesmanship and media savvy he created bright smooth and colorful logos for major corporations that included Greyhound Exxon and Nabisco His designs for Studebaker automobiles Sears Coldspot refrigerators Lucky Strike cigarette packs and Pennsylvania Railroad locomotives are iconic Beyond his timeless designs Loewy carefully built an international reputation through the assiduous courting of journalists and tastemakers to become the face of both a new profession and a consumer driven vision of the American dream In Streamliner John Wall traces the evolution of an industry through the lens of Loewy s eclectic life distinctive work and invented persona How he asks did Loewy build a business while transforming himself into a national brand a half century before branding became relevant Placing Loewy in context with the emerging consumer culture of the latter half of the twentieth century Wall explores how

his approach to business complemented or differed from that of his well known contemporaries including industrial designers Henry Dreyfuss Walter Teague and Norman Bel Geddes Wall also reveals how Loewy tailored his lifestyle to cement the image of designer in the public imagination and why the self promotion that drove Loewy to the top of his profession began to work against him at the end of his career Streamliner is an important and engaging work on one of the longest lived careers in industrial design

TW Index Volumes 1 and 2 Combined Jan Young, 2011-10-27 TW Index is a complete and detailed index of everything that has appeared in the SDC Turning Wheels magazine since its inception in 1972 Of greatest importance are the advice items that are indexed by subject engines brakes steering etc model AND year including all individual letters that appear in the Co Operator column Historical items are also indexed by subject as well as by the vehicle model and year they relate to If you own for instance a 1959 Hawk TW Index will give you instant access to everything that has been published about your car and much more Each listing of course refers you to the specific issue of Turning Wheels and cites the page on which the item begins Rated excellent by Fred Fox and Bob Palma Volume 1 of Turning Wheels Index includes issues of Turning Wheels from 1972 through 1992 with 10 711 references on 159 pages Volume 2 includes 1993 through 2009 with 9 995 references on 158 pages
