Competition Policy and the Music Industries Jenny Kanellopoulou, 2021-11-04 This book explores the nature of the music industries before and after the digital revolution from the point of view of the consumer and explores the question of whether there is a role for competition policy intervention in the music industries Considering the historically consolidated environment of the music industries and their rapidly evolving business models in the twenty first century the author argues that there is a need for updated competition design to promote consumer welfare and competition in these markets Opening a much needed interdisciplinary dialogue across music studies business and law the book applies business model literature to antitrust law in the context of the music industries It offers a comprehensive history of encounters between the music industry and antitrust and regulatory authorities in the US UK and EU from the payola scandals of the 1950s to the merger of Live Nation and Ticketmaster in 2010 showing how even as business models in the industry have changed it has repeatedly moved towards consolidation with little regulation Drawing on this history it considers how competition policy can foster innovation and safeguard consumer interests in the music markets of the future Offering new analytical and methodological tools this book is relevant to those studying the music industries from business legal and cultural perspectives

The Bloomsbury Handbook of Popular Music Policy Shane Homan, 2022-01-13 The Bloomsbury Handbook of Popular Music Policy is the first thorough analysis of how policy frames the behavior of audiences industries and governments in the production and consumption of popular music Covering a range of industrial and national contexts this collection assesses how music policy has become an important arm of government and a contentious arena of global debate across areas of cultural trade intellectual property and mediacultural content It brings together a diverse range of researchers to reveal how histories of music policy development continue to inform contemporary policy and industry practice The Handbook maps individual nation case studies with detailed assessment of music industry sectors Drawing on international experts the volume offers insight into global debates about popular music within broader social economic and geopolitical contexts
