Congress, 1987 **Speaking Out of Place** David Palumbo-Liu, 2021-12-07 *Speaking Out of Place* helps us find value and inspiration in others who have made change in the world where such things were not supposed to be possible From protests in sports arenas to sonic transgressions of racist boundaries to protest camps and covert collaborations with imprisoned people and environmental activism based on Indigenous notions of justice We learn how to replace education circumvent pundits and recall judges And we learn to defend our home the planet *Speaking Out of Place* asks us to reconceptualize both what we think politics is and our relationship to it Especially at this historical moment when it is all too possible we will move from Trump's fascistic regime to Biden's anti progressive centrism we need ways to build off the tremendous growth we have seen in democratic socialism and to gather strength and courage for the challenges and opportunities that lie ahead *The World Almanac & Book of*
