Inc,Prentice-Hall, Inc,1919 Excerpt from Prentice Hall Tax Service for 1919 This allowance is not based upon the difference between the actual war cost of such facilities and what they would have cost at pre war prices Obviously the taxpayer is not entitled to recover or extinguish through amortization more than the difference between the war cost of such property and what he can sell the property for after the war or if he continues to need and use it in his business what it would have cost him after the war As the rule is expressed in Article 183 of the Regulations The total amount to be extinguished by amortization in general is the excess of the unextinguished or unrecovered cost of the property over its maximum value either for sale or for use as part of the plant or equipment of a going business under stable post war Conditions About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The United States Catalog ,1928** **The Act to Regulate Commerce** Hubert Bruce

Fuller,2015-07-13 Excerpt from The Act to Regulate Commerce Construed by the Supreme Court The Commerce Clause contains one of the most important grants of power to the United States to be found in the Federal Constitution Adopted merely for the purpose of preventing disputes among the states which had recently formed the Confederation it has been the source of varied and potent legislation governing the intricate problems of interstate traffic incident to a complicated and highly developed industrial and social life Framed to suit the inconsequential problems offered by a traffic handled by stage coach ox cart and sailing vessel it has served as the vehicle to govern the important questions arising from an enormous volume of traffic handled by the railroad the steamer and other agencies of commerce A preliminary chapter has been included to trace at least in outline the genesis and development of legislation under the Commerce Clause The literature of the subject both political and economic as well as legal appears to be well nigh inexhaustible Yet there has seemed room for a further discussion of certain features of the Act to Regulate Commerce The findings of the Interstate Commerce Commission to date fill some thirty large volumes The decisions of the lower Federal courts upon this act are only less voluminous On the other hand the decisions of the Supreme Court which constitute the last word on the question and from

which no appeal can be taken have often not been treated by writers on this subject with the measure of importance which should be accorded them Many of the most important of these decisions have been handed down by that court since the appearance of any treatise on this act It has seemed desirable therefore to collate these decisions to include an exhaustive discussion of them within the confines of a single volume and to bring them down to the latest possible date Such a volume could be of particular value to the lawyer who does not have at his disposal a large legal library It would constitute the law of the Act to Regulate Commerce so far as that law has been finally determined Decisions of the lower courts subject to review and therefore to being overruled have been omitted from discussion in this work It is hoped that the volume will fill a place hitherto unoccupied in the bibliography of the Act to Regulate Commerce About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works The National Union Catalogs, 1963-1964 *Guide to Reprints*, 2009 The Regulation of Commerce Through a Dispensing Power Joseph Nimmo Jr, 2017-11-02 Excerpt from The Regulation of Commerce Through a Dispensing Power Efforts of the Interstate Commerce Commission to Gain Autocratic Control of the Internal Commerce of the United States The Political Aspects of the Question The nature of the proposed change of national policy is clearly indicated by the history of the administration of the Act to Regulate Commerce approved February 4 1887 About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works The National union catalog, 1968-1972, 1973 Annual Report of the Surgeon General of the Public Health Service of the United States UNKNOWN.
