## **State Politics Princeton Legacy Library:**

*New England State Politics* Duane Lockard, 2019-03-25 A down to earth and fact filled discussion of New England state politics based on seven years of research and over 1 000 interviews Originally published in 1959 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Political Participation and Democratic Capability in Authoritarian States* Lien Pham, Ance

Kaleja, 2021-02-22 This book provides an innovative theoretical and empirical exploration of the political participation and democratic capability of people living in authoritarian states Merging perspectives from sociology and political science the book demonstrates that despite autocratic restrictions on opposition there is often still leeway for people to express themselves as political agents and to develop democratic capability The first two chapters problematise political participation and develop an interdisciplinary three domain framework that allows for critical engagement with and appreciation of the contexts and varied ways in which participatory activities occur This framework is applied to analyse six country case studies Singapore Jordan Belarus Cuba Nigeria and Vietnam Drawing on a range of data sources and different analytical entry points the book investigates the substantive opportunities people have in exercising political agency and the implications for democratic capability The book concludes by summarising the emergent themes and examining the potential of applying this method of inquiry in other political contexts Encompassing both governmental and societal practices the book offers insights into state society relations and their role in constructing political values and goals for participation which people negotiate and mediate to inform their choices modes and forms of civic engagement These insights present a broad approach towards the study of participation with relevance for understanding political participation in various societies under non democratic and democratic rule alike This book will be useful for researchers and students interested in political dynamics and intersections with economic cultural and social aspects of development It will also be beneficial for practitioners interested in participatory actions and social change *Political Economy, Race, and the Image of Nature in the United States,*

1825-1878 Evan Robert Neely, 2024-05-01 *Political Economy Race and the Image of Nature in the United States 1825 1878* is an interdisciplinary work analyzing the historical origins of a dominant concept of Nature in the culture of the United States during the period of its expansion across the continent Chapters analyze the ways in which Nature became a discursive site where theories of race and belonging adaptation and environment and the uses of literary and pictorial representation were being renegotiated forming the basis for an ideal of the human and the nonhuman world that is still with us Through an interdisciplinary approach involving the fields of visual culture political economy histories of racial identity and ecocritical

studies the book examines the work of seminal figures in a variety of literary and artistic disciplines and puts the visual culture of the United States at the center of intellectual trends that have enormous implications for contemporary cultural practice The book will be of interest to scholars working in art history visual culture American studies environmental studies ecocriticism critical race theory and semiotics      *Securitisating Decolonisation* Julius Heise, 2024-05-23 With the right to petition the United Nations the Ewe and Togoland unification movement enjoyed a privilege unmatched by other dependent peoples Using language conveying insecurity the movement seized the international spotlight ensuring that the topic of unification dominated the UN Trusteeship System for over a decade Yet its vociferous securitisations fell silent due to colonial distortion leaving unification unfulfilled thus allowing the seeds of secessionist conflict to grow At the intersection of postcolonial theory and security studies Julius Heise presents a theory driven history of Togoland's path to independence offering a crucial lesson for international statebuilding efforts      **The Routledge Handbook of Scandinavian Politics** Peter Nedergaard, Anders Wivel, 2017-08-09 The Routledge Handbook of Scandinavian Politics is a comprehensive overview of Scandinavian politics provided by leading experts in the field and covering the polity the politics and the policy of Scandinavia Coherently structured with a multi level thematic approach it explains and details Scandinavian politics today through a series of cutting edge chapters It will be a key reference point both for advanced level students developing knowledge about the subject as well as researchers producing new material in the area and beyond It brings geographical scope and depth with comparative chapters contributed by experts across the region Methodologically and theoretically pluralistic the handbook is in itself a reflection of the field of political science in Scandinavia and the diversity of the issues covered in the volume The Routledge Handbook of Scandinavian Politics will be an essential reference for scholars students researchers and practitioners interested and working in the fields of Scandinavian politics European politics comparative politics and international relations      *Positive Freedom and the Law* Kim Treiger-Bar-Am, 2019-07-25 This book explains why we should stop thinking of freedom as limited to a right to be left alone It explores how Kantian philosophy and Jewish thought instead give rise to a concept of positive freedom At heart freedom is inextricably linked to the obligation to respect the autonomy and dignity of others Freedom thus requires relationships with others and provides an important source of meaning in liberal democratic societies While individualism is said to foster detachment positive freedom fosters relations Moving from moral theory to law duties are seen as intrinsic to rights The book considers test cases involving the law of expression regarding authorial rights and women's prayer at Jerusalem's holy site of the Western Wall Affirmative duties of respect are essential Rights held by copyright owners require that all authors including so called users are shown respect Moreover rights held by the authorities at the Western Wall require that all worshippers including those whose interpretation of Jewish law differs from that adopted by the authorities are respected      *Australia, International Security and the Outsourcing of State Violence* Natalie McLean, 2024-11-07 This book sheds light on the complex and controversial realm of

Private Military and Security Companies PMSCs and their impact on international security The rise of PMSCs as key participants in the security arena has sparked debates worldwide challenging the traditional monopoly on violence held by nation states Structured meticulously Chapter One introduces the rise of PMSCs focusing on Australia as a case study for their effect on state control and accountability Chapter Two examines historical PMSC development and case studies revealing global implications for regulation and oversight Chapter Three builds a theoretical framework for analyzing the Australian case and Chapters Four and Five scrutinize Australia's government and PMSC industry uncovering deficiencies in regulatory mechanisms and human rights abuses In Chapter Six implications on security outsourcing and regulation are explored culminating in a thought provoking conclusion in Chapter Seven This book is a crucial resource for anyone seeking a deeper understanding of the challenges posed by PMSCs in the realm of international security

**An Emancipation of the Mind** Matthew Stewart, 2024-03-26 A bracingly original book Harold Holzer Wall Street Journal How a band of antislavery leaders recovered the radical philosophical inspirations of the first American Revolution to defeat the slaveholders oligarchy in the Civil War This is a story about a dangerous idea one which ignited revolutions in America France and Haiti burst across Europe in the revolutions of 1848 and returned to inflame a new generation of intellectuals to lead the abolition movement the idea that all men are created equal In their struggle against the slaveholding oligarchy of their time America's antislavery leaders found their way back to the rationalist secularist and essentially atheist inspiration for the first American Revolution Frederick Douglass's unusual interest in radical German philosophers and Abraham Lincoln's buried allusions to the same thinkers are but a few of the clues that underlie this propulsive philosophical detective story With fresh takes on forgotten thinkers like Theodore Parker the excommunicated Unitarian minister who is the original source of some of Lincoln's most famous lines and a feisty band of German refugees philosopher and historian Matthew Stewart tells a vivid and piercing story of the battle between America's philosophical radicals and the conservative counterrevolution that swept the American republic in the first decades of its existence and persists in new forms up to the present day In exposing the role of Christian nationalism and the collusion between northern economic elites and slaveholding oligarchs *An Emancipation of the Mind* demands a significant revision in our understanding of the origins and meaning of the struggle over slavery in America and offers a fresh perspective on struggles between democracy and elite power today

**The Legacy of the American Revolution to the British West Indies and Bahamas** Wilbur Henry Siebert, 1913 *State Party Profiles* Andrew M. Appleton, Daniel S. Ward, 1997 State by state descriptions of the Democratic and Republican parties Each state profile covers the history organizational development and current organization and activities of the two major state parties In addition each profile contains a resource guide to archival information and a list of references for further research on that state's parties Details the unique characteristics of party politics in each state and identifies patterns across states regions and party organizations

*From the Outside In* Bartholomew H. Sparrow, 2014-07

From the Outside In examines the profound impact of World War II on American government. The book argues that the wartime and immediate postwar experiences of the 1940s transformed and redirected the policies and government institutions of the New Deal. In a work that makes significant contributions to the study of U.S. politics and history, Bartholomew Sparrow proposes a new model of the state and of state building. The author applies this model, which derives from the resource dependence perspective, to the historical record of four areas of public policy: social security, labor management relations, public finance, and military procurement. This book is the first to use recently available archival materials documenting the consequences of World War II for the programs and political agendas of the welfare state. It is also the first to apply the resource dependency perspective to the U.S. federal government as a complex organization. The book will lead readers to reevaluate the impact of international factors on American political development, to reappraise the role of the New Deal in shaping the postwar federal government, and to reconsider the application of organizational theory to American government. *From the Outside In* will be of particular interest to political scientists, political sociologists, and historians. It will appeal to anyone with an interest in the comprehensive effects of the Second World War on domestic policies and U.S. government itself. Originally published in 1996, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. *The State and Development in the Third World* Atul Kohli, 2014-07-14. The articles in this volume appeared first in the leading journal *World Politics*. The essayists' common concern with the autonomy of the political in the politics of developing countries contributes to the analytical unity of the volume. Originally published in 1986, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. *The Legacy of Nehru* Anand Mohan, 1992. *Catalogue of Randolph Macon College for the Collegiate Year ...* Randolph-Macon College, 1898. Includes Catalog, The Alumni news letter, special numbers, etc. **Family Legacy** Jean Dixon Mann, 2009. **The Discretionary President** Benjamin A. Kleinerman, 2009. Examines both the peril and the promise of presidential power to clarify that what can destroy our Constitution can, if the threat is dire, also save it. An unusually balanced study that argues for a middle path whereby presidents choose consciously to act temporarily outside or even against the laws in serving the nation's best interest. **Men of the Century, an Historical Work** Charles Morris, 1896. **The Saturday Review of Politics,**

**Literature, Science and Art** ,1913      **Supplement to Encyclopædia Britannica (ninth Edition)** ,1889      Annual  
Report of the Commissioner of Education United States. Office of Education,1887
