Mark Ainsworth, Jeremy Levesley, Marco Marletta, 2012-12-06 The Eighth EPSRC Numerical Analysis Summer School was held at the University of Leicester from the 5th to the 17th of July 1998 This was the third Numerical Analysis Summer School to be held in Leicester The previous meetings in 1992 and 1994 had been carefully structured to ensure that each week had a coherent theme For the 1998 meeting in order to widen the audience we decided to relax this constraint Speakers were chosen to cover what may appear at first sight to be quite diverse areas of numerical analysis However we were pleased with the extent to which the ideas cohered and particularly enjoyed the discussions which arose from differing interpretations of those ideas We would like to thank all six of our main speakers for the care which they took in the preparation and delivery of their lectures In this volume we present their lecture notes in alphabetical rather than chronological order Nick Higham Alastair Spence and Nick Trefethen were the speakers in week 1 while Bernardo Cockburn Stig Larsson and Bob Skeel were the speakers in week 2 Another new feature of this meeting compared to its predecessors
