Hunt, 2025-11-14 This collection explores the global impact of English through fact-based and contrastive analyses of different types of Anglicisms across a wide range of languages This volume showcases the ways in which contact-induced language change operates

across several different languages simultaneously. This approach allows for an examination of similarities and differences in the adaptation processes of English models in languages with differing phonetic, morphological, syntactic and writing systems. Drawing on data from the Global Anglicism Database GLAD the first multilingual repository featuring lexical and phraseological Anglicisms chapters look not only at visible Anglicisms such as augmented reality or easy listening which reflect their English origin but also at invisible Anglicisms cases in which English expressions are translated verbatim and cases when words in a recipient language change their meaning due to English influence. This volume offers a multi-layered perspective on how Anglicisms develop and blend into different languages and readers are presented with a nuanced understanding of contact-induced language change. This book will appeal to students and scholars interested in language contact, World Englishes, language policy and planning, bilingualism and lexicography.

**Strategic Retail Management and Brand Management** Doris Berger-Grabner, 2021-10-25 The retail industry and associated business models have gone through a significant phase of disruption. The rapid emergence of new technologies, digital business models and the evolution of social media platforms as a new sales channel continue to influence the sector. Key contextual or external trends will affect and shape the retail landscape in the years to come. Therefore, it seems important to prepare for this situation and be ready with a head start in terms of knowledge. This textbook provides its readers basic knowledge about the national and international retail sector and gives important insights into trends and developments. It deals with key trends in particular new patterns of personal consumption, evolving geopolitical dynamics, technological advancements and structural industry shifts. Moreover, it explains why it is so important that retailers use these trends, adapt their retail strategies and tactics, create strong brands and come up with innovative new ways of doing business. Today we are living in a challenging time for retail. This textbook tries to give insights and explanations to better understand these challenges and provide managerial implications.
