Netflix Discount Customer Service:

Digital Marketing Rajan Gupta,Supriya Madan,2024-03-26 DESCRIPTION The ultimate objective of digital marketing is to develop a solid and creative plan for promoting a business's products and services. A digital marketing professional is expected to utilize all marketing tools and tactics successfully including PPC, SEO, SEM, email, social media, and display advertising. This book guides readers through various digital channels including search engines, websites, social media, email, YouTube, and WhatsApp to market and sell business items efficiently. The anecdotes and case studies provided will help the reader get an inside out view of marketing a product or service on the digital platform to reduce their learning curve. The readers can achieve their digital marketing career goals without spending years making unnecessary errors, recovering from them, and learning the hard way. It discusses essential tools, approaches, and strategies to build them such as enhancing the capacity to develop market friendly use cases and evolving a solution strategy in varied business or technology environments. This book makes it easy for readers to increase their employment and job market relevance, allowing them to sprint towards a successful career in digital marketing. This new edition of the book has updated information along with the addition of new topics like audience acquisition behavior and conversion analytics. The revised edition also introduces various platforms and tools such as Hootsuite, Buffer, Hotjar, Trello, etc. The addition of a new chapter on Role of AI in Digital Marketing will help you stay updated on your digital marketing journey.

WHAT YOU WILL LEARN

Business Concepts for Management Students and Practitioners Now Media Norman J. Medoff, Barbara K. Kaye, 2025-05-06

Now in its fifth edition, this book is one of the leading texts on the evolution of electronic mass communication in the last century, giving students a clear understanding of how the media of yesterday shaped the media world of today. Now Media provides a comprehensive view of the development of media and the subsequent advancements into now digital media. Each chapter is organized chronologically, starting with print, radio, and television, then moving to the now media of today, and finally exploring possibilities for the media of the future. Topics include the rise of social media, uses of personal communication devices, the film industry, virtual reality, digital advertising, and the innovations

that laid the groundwork for new media. This fully updated fifth edition features new chapters on video games and the business of and careers in new media. Discussions on rapidly evolving new media stakeholders such as influencers and YouTubers are included and attention is paid to AI throughout the book. This book remains a key text and trusted resource for students and scholars of digital mass communication and communication history alike. Selling & Sales Management Lisa Spiller, 2021-09-01. Packed with engaging examples and case studies from companies including Amazon, IBM, and Pepsi as well as unique insights from sales professionals across the globe, this comprehensive textbook balances research theory and practice to guide students through the art and science of selling in a fast changing and digital age. The text highlights the emerging role of storytelling, sales analytics, and automation in a highly competitive and technological world and includes exercises and role plays for students to practice as they learn about each stage of the selling process. As well as its focus on selling, the text also provides students with essential sales management skills such as onboarding, coaching, mentoring, and leading salespeople as well as managing sales pipelines, territories, budgets, systems, and teams when not in the field. Online resources are included to help instructors teaching with the textbook including PowerPoint slides and a testbank. Chapter overviews and teaching notes for the roleplays included in the text and suggested course projects and worksheets are also provided for instructors. Suitable for courses on selling and sales management at all college and university levels.

Conversion Secrets Amelia Green, AI, 2025-03-03. *Conversion Secrets* offers a practical guide to boosting online conversion rates by focusing on three key areas: crafting effective landing pages, writing persuasive copy, and optimizing sales funnels. It emphasizes a data-driven approach, suggesting that understanding customer psychology and employing A/B testing are essential for success in today's digital marketing landscape. The book uniquely integrates psychological insights with actionable strategies, moving beyond mere design tweaks to explore the science behind user behavior. The book progresses systematically, starting with the anatomy of high-converting landing pages and exploring elements like headlines and calls to action. It then delves into persuasive copywriting, teaching readers how to create compelling narratives that resonate with customers. Finally, it dissects the sales funnel, pinpointing bottlenecks and offering strategies for lead nurturing and cart abandonment recovery. Case studies and real-world data illustrate successful conversion strategies, making complex concepts accessible to entrepreneurs and marketing professionals alike. The Upside Adrian J. Slywotzky, Karl Weber, 2007-05-15. Today, when your fortunes can literally change overnight, the new strategic imperative is making your moment of maximum risk your moment of maximum opportunity. In *The Upside*, Adrian Slywotzky provides bold and original ideas for growth breakthroughs as well as the practical tools to use Monday morning, such as How to change the odds for your next major initiative and create potential industry breakthroughs as Toyota did with its expanding universe of Prius vehicles. Shape and exploit risk; don't be shaped by it. Become a knowledge intensive business and continually increase the knowledge gap between yourself and rivals as Coach and Tsutaya of Japan have convincingly done. A category killer can't kill what's not in its

category When basketball legend Bill Russell faced a taller stronger Wilt Chamberlain he led the Celtics to victory by inventing a different game The same thinking lets Target prosper in a Wal Mart world and can help you outcompete the unbeatable rival in your own industry When you come to a fork in the road take it Only a fraction of companies survive when industries experience technological or strategic transitions To be a survivor learn the secret that enabled Microsoft to weather the advent of the Internet the art of the double bet Stuckinabusinessbox Findthebiggerbox and then the biggest When growth stagnates capture more of your customer s dollars through demand innovation and big box thinking as companies from Continental AG and Ikea to Procter Gamble have done Your competitors can also be your greatest enablers of profit Stop competing yourself to death The key is knowing when to compete and when to collaborate as Apple has shown with its revolutionary approach to the music business In the 1980s conventional wisdom was that you could have high quality or low cost but not both until Japanese makers of cars and electronics showed otherwise Now high quality and low cost are required just to enter the marketplace Today we face a similar paradox when it comes to risk and reward Rather than shrink from the high risk so integral to the tumultuous global economy Adrian Slywotzky shows how it can be your greatest source of growth and future reward
