Time Management in 10 Minutes a Day Alberto Dianin, Emanuele Venturini, We get to the end of the day and think we didn't accomplish everything we set out to do. It's frustrating and disappointing but it sets a significant challenge for us at the same time. How do we find the time when we feel like we don't have any? We've studied this topic so much over the past ten years to develop an effective and practical answer that can be implemented by people just starting. In this book you will find key information to learn how to punch laziness and get up to get your goals by understanding the routines of the best successful women and men. Plan your day by learning how to prioritize tasks and make the right choices involving seven techniques that have changed the lives of many people. Manage your space to relieve stress and live with mental order. Use the 7 tools that buy you time and happiness every day. Stop listening to those who haven't achieved the results you want to reach and learn the essential techniques that have made the great entrepreneurs and businesswomen of the 21st century successful. Cybercrime Nancy E. Marion, Jason Twede, 2020-10-06 This important reference work is an extensive resource for students who want to investigate the world of cybercrime or for those seeking further knowledge of specific attacks both domestically and internationally. Cybercrime is characterized by criminal acts that take place in the borderless digital realm. It takes on many forms and its perpetrators and victims are varied. From financial theft, destruction of systems, fraud, corporate espionage and ransomware of information to the more personal such as stalking and web cam spying as well as cyberterrorism, this work covers the full spectrum of crimes committed via cyberspace. This comprehensive encyclopedia covers the most noteworthy attacks while also focusing on the myriad issues that surround cybercrime. It includes entries on such topics as the different types of cyberattacks, cybercrime techniques, specific cybercriminals and cybercrime groups and cybercrime investigations. This includes an unbiased examination of controversial topics such as Julian Assange's leak of secret documents to the public and Russian interference in the 2016 US presidential election.
