The Global ISBN Handbook Azhar ul Haque Sario, 2025-10-30 Have you ever wondered why that 13 digit number on the back of a book costs 125 in the United States but is completely free in Canada and India This book The Global ISBN Handbook is your 2025 guide to the International Standard Book Number It explains everything about this global fingerprint for books The ISBN is the most important cornerstone of the publishing industry It started as a simple warehouse tool in the 1960s Now it is a complex digital identifier used in over 200 countries This handbook deconstructs the entire system It uses 15 distinct national case studies to do this You will learn how the old 10 digit system changed to the new 13 digit one We break down the five parts of the ISBN from the Bookland prefix to the final check digit The book explores the global governance framework starting with the International ISBN Agency Then it dives deep into how different countries run their systems You'll see the privatized high cost model in the United States You'll compare it to Canada's free government run system We explore the industry led models in Brazil and Germany We look at government run systems in Mexico and India We even cover the unique case of China where the ISBN is not a simple identifier but a state controlled publication license The book also examines the systems in the UK France Russia Japan Australia South Africa Nigeria and Egypt Many books and websites can tell you how to get an ISBN This handbook is the only resource that explains why the process is so different everywhere you look It moves beyond a simple how to and provides a true global analysis It directly compares the privatized for profit models in the US and UK against the free public good systems in Canada and South Africa You won't just learn the price you will understand the cultural policies market structures and legal philosophies that shape that price This book shows how the ISBN is a global mirror It reveals how a simple number can be a commercial product in one nation a tool of cultural policy in another and an instrument of state control in a third This comparative insight is the missing piece for any author publisher or researcher trying to navigate the complex international publishing market Disclaimer This handbook is an independently produced resource for commentary and analysis The author has no affiliation with the International ISBN Agency R R Bowker Library and Archives Canada the National Press and Publication Administration or any other national ISBN agency This work is independently produced under the principle of nominative fair use *Romantasy Crochet Club* Amanda Sennett, 2025-07-08 Celebrate your love of Romantasy with 20 fun crochet projects If you're one of the millions of enthusiastic readers who's addicted to Romantasy Romantasy Crochet Club is a unique and entertaining way to pay creative tribute to your favorite characters fantastical creatures and enthralling themes Here are just some of the more than 20 projects that sing the praises of this blockbuster genre For the Passionate Reader Book Lover's Bookmark Trio Bat Wings Dragon's Tail and Angel's Wing and Werewolf Tablet or Book Sleeve Personal Arsenal Morally Gray Heart Garland Tribute Rose Skull and Enemies to Lovers Pierced Heart Wear the Fantasy Fairytale Mask Fae Ear Cuffs and Faun Beanie Fantastical Creatures and Amazing Animals Mysterious Fae Warrior Baby DraGoyle and Fierce Dragon Several projects include yarn
