**Don't Listen to Us Lord** Richard Urdahl,1984 **Out of the Depths** Barry Ivker,2014-03 The Holocaust has presented us with innumerable questions that we wrestle with today How could such systematic evil be perpetuated in a country renowned for its sophistication in all areas of the sciences and the arts How could the world turn a blind eye to what was happening and close its doors to potential victims How could ordinary people participate in this horror How could others act to save Jews at the risk of their own lives and the lives of their families How could those facing imminent destruction continue to study agricultural techniques useful to the future state of Israel or teach their children how to paint It is my hope that these plays will serve to focus on some of these questions even as we witness new genocidal wars around the world There is an imperative here as old as the Biblical account of Genesis It is for us to affirm the goodness of the world as it is the potential goodness of human nature and the need to create and procreate even in the force of destruction and death

**MANTRAKSHAR** Dr. Anupam Nirvikar,2021-12-13 Mantrakshar is a constructed ideographic language with almost more than 3000 ideograms which are constructed with no less than 150 basic elements or symbols It is usually for students from middle to high school and university students Even a 5th grade student can learn this language without hesitation if he shows dedication and will This is also for the enthusiasts of language usually a polyglot community who are learning a huge number of foreign languages It can help crack the IELTS exam to study abroad It can also be used by medical students as this language helps create medical ideograms by engineering students because mathematics is already an ideographic language
