**Tolley's Domestic Gas Installation Practice, 5th ed** Frank Saxon, 2009-07-10 This book describes the domestic gas installation and servicing methods and procedures. It is intended for students and also for existing operatives who are required to be assessment tested in gas service technology. Tolley's Domestic Gas Installation Practice Frank Saxon, 2006. This is the second of three volumes of essential reference for those concerned with the installation and servicing of domestic and industrial gas equipment. This volume deals with the various aspects of installing and servicing domestic appliances and associated equipment. The revised fourth edition is brought fully up to date with current Standards and the Gas Safety Installation Use Regulations to reflect recent developments in industry in line with requirements of the ACS Certificates of Competence and NVQs. The book includes new coverage of the latest flexible pipe work for domestic installations also outlining new procedures for tightness testing and purging. Brand new sections address gas installation in caravan and non permanent dwellings as well as boats yachts and other vessels in accordance with the Code of Practice for Domestic Butane and Propane Gas Burning Installations BS EN 10239. Covering both Natural Gas low and medium pressure and Liquefied Petroleum Gas. Volume 2 reflects the new divisions to the Specifications for the Installation of Domestic Sized Gas Meters BS 6400. The content is also fully in line with The latest Building Regulations restricting new central heating systems to high efficiency condensing boilers. The specification for installation and maintenance of domestic direct gas fired tumble dryers. Part P of the building regulations for electrical work on gas appliances. Competent person self certification schemes. Part P Special locations and kitchens 2005. The install exchange disconnect service repair breakdown and commission of domestic gas fired range cooker hot water boilers. The install exchange disconnect service repair breakdown and commission of gas appliances fitted with forced draught burners in domestic dwellings. Incorporating many illustrations and worked examples throughout the text. Volume 2 combines a concise reference with practical application in real world engineering contexts to create an essential handbook for all aspects of the installation and servicing of domestic gas appliances ideal for both students new to the field as well as professionals and non operational professionals e g Specifiers Managers Supervisors as an ongoing source of reference. Comprehensive reference combined with practical application an essential handbook for gas service technology. Fully updated in line with the latest changes to Standards NVQs and ACS Certificates of Competence. Hundreds of line drawings and photographs maximise accessibility of the text enabling readers to easily recognise the appliances under discussion.
