Remote Jobs Cyber Monday Top:

America's Top 100 Jobs for People Without a Four-year Degree Ronald L. Krannich, 2005 Many of today's jobs don't require an expensive four-year degree. A lot of the jobs require apprenticeship experiences or only require a few months of specialized training. This book is organized by 10 major occupational fields identifying 100 high-demand jobs. **Top 100 Careers Without a Four-year Degree** Michael Farr, 2009 Many jobs without a four-year degree are growing. Explore 100 careers that don't require a bachelor's degree, assess which ones match your skills, and get the job you want quickly with this authoritative resource. In one time-saving volume, job seekers and students find everything they need to research careers, learn about pay outlook, education, and skills for the 100 jobs, match their personal skills to the jobs, and take seven steps to land a good job in less time. This book provides, in alphabetical order, thorough, current, and interesting descriptions of 100 jobs that you can obtain without four years in college. A special book within a book section describes the seven steps that cut job search time in half and includes sample targeted resumes by professional resume writers. An easy-to-use assessment matches your personal skills with the characteristics of the occupations described in the book. This new edition features fresh occupational facts and an at-a-glance Projections Data table through 2016 for every job. The Job Match Grid and the Quick Job Search section have been updated as well. Career Services and Workforce Development Centers for Libraries Raymond Pun, Arpine Eloyan, Michael R. Oppenheim, 2024-11-18 With the rise of unemployment, increased career growth opportunities, and changing workforce demographics, libraries can support job seekers in several ways. Career Services and Workforce Development Center for Libraries: A Guide serves as a resource for libraries interested in creating, supporting, or enhancing their career services, economic, and workforce development programs for their communities. Going beyond collection development and hosting job fair activities, the book covers teaching resources and interviews from library leaders supporting workforce development initiatives or collaborations. Ideas on how libraries can be embedded in the workforce development community by providing a series of job readiness activities, programs, and services show academic and public librarians can support their users exploring career opportunities and development. Examines employment trends and resources such as generative artificial intelligence to dive into these issues so libraries can stay active in identifying new skill development and technologies to support their communities. How can one start a career services or job center program in their libraries? What are specialized career services in libraries being offered? How can libraries advocate for funding for workforce development? Divided into five chapters, each chapter addresses these questions and provides a series of examples, ideas, and resources for readers to consider replicating in their own libraries. If you are looking for ideas for your libraries to support a community of job seekers, this is the book for you. *Emerging Technologies, Novel Crimes, and Security* Hedi Nasheri, 2024-12-30 This book provides a holistic overview of the complexities of modern technological advances and their implications for crime and security.
