Sleep Hacks Ideas Returns:

The Alcohol Reset Bledar Lika, Alcohol is not a character flaw It s a neurochemical loop And once you understand it the craving dissolves The Alcohol Reset is a modern science based guide for people who want to stop drinking not through shame labels or willpower but by restoring the brain and nervous system that alcohol quietly disrupts This book is for Functional drinkers who feel stuck flat or exhausted High performers who drink to cope with stress Anyone tired of being told they must hit rock bottom to change Readers who want science not slogans Inside you ll discover Why alcohol hijacks dopamine GABA and stress hormones Why willpower fails and what actually works What happens in the brain and body when you stop drinking How sleep anxiety mood and motivation recover naturally The hidden hormonal effects on libido energy and confidence How to quit safely gradually or all at once without ego or fear How to rebuild pleasure focus and emotional strength How to design a life that no longer needs alcohol This is not a rehab manual This is not an ideology This is a biological reset Written in a calm intelligent voice The Alcohol Reset blends neuroscience physiology and real world clarity into a book that feels less like recovery and more like coming home to yourself If you ve ever wondered whether alcohol is quietly costing you more than you realize this book will give you the answer and the way forward

A Lawyer's Guide to Wellbeing and Managing Stress Angus Lyon, 2016-02-22 Stress is an inevitable part of being lawyer and it can even be a positive force it can help you push through long hours or meet tough targets However when stress becomes excessive it can be damaging to individuals and to firms leading to mental and physical sickness lack of morale or a desire to take on additional responsibility and worse The problem is widespread According to a Law Society survey 95% of lawyers have some negative stress in their jobs and 17% say that this is extreme Lawyers feel overloaded with work unappreciated isolated and unsupported many complain of unattainable targets poor pay and long hours And while many firms say they have programmes in place that are geared towards improving the wellbeing of staff 66% of lawyers say they would be concerned about reporting feelings of stress to their employer because of the stigma involved Nobody wishes to be seen as a weak link in the chain of a professional practice A solution won t be found overnight This book is designed to encourage lawyers and firms to think more about the question of stress how to recognise it in others and themselves and how to take action before it becomes excessive It is written for lawyers everywhere regardless of location or career level

Heartful Permission

Gurpreet Sandhu, 2016-08-12 Everything is so opposite I was just seeing how different the inner world is from the outer world In the inner world if you see any anger you just show your love If you see any kind of power you become powerless You see any bigness you become small If you see any thief you give your keys If there is something closed inside of you you just stand there as it is Everything is so opposite You see something speedy inside you just be in the restfulness You do not need any kind of tool to live this handless way If any part is fighting you completely lay your head down Then the treasure is there but you do not need to look after it Then the power is there but you do not need it The knowledge is there but you are not

thirsty anymore The source is there but you do not want that ending And this is where you just wonder is it beginning or ending Is it living or dying Is it everything or nothing You just wonder is there more to give or to receive Gurpreet In Heartful Permission Gurpreet offers a collection of her open talks from 2014 which are transcribed in book format by volunteers She reminds us of the path of awakening and the significance of having an incarnate teacher
