Tips & Secrets Guidebook (An Entrepreneur's Guide to Snapchat Marketing Mastery for Business Success)

Nicholas Collins, 2011-01-01 Snapchat is one of the latest trends in social media. This new original and innovative platform completely revolutionizes how we communicate with one another. Immediately after its release, Snapchat became an overnight sensation amongst the newest generations today. This platform boasts nearly 150 million active users. In spite of its success, Snapchat remains unknown and misunderstood by many. On top of that, unless someone gives you an explanation or a tutorial, this app can be a bit overwhelming and difficult for first-time users. You're about to discover how to get started using Snapchat. Use filters to bring attention to your business. Identify a target audience. Create unique content. Stream live videos. Team up with popular people on Snapchat. Much, much more. In Snapchat for Business, you will learn the exact tools of how to leverage this powerful social media tool to help drive business and create lifelong customers. Even if you are simply learning about Snapchat as a means of personal use, this e-book shows how to capture attention and use the app to build followers. Read the introduction on page **Snapchat 101: a Complete Guide to Snapchat** Brandon Jones, 2017-08-24. This book contains information on what, why, and how of Snapchat. Jones starts with a brief introduction about Snapchat, its history, and eventually proceeds to topics such as Snapchat paid advertising. Developed by three Stanford University students: Evan Spiegel, Bobby Murphy, and Reggie Brown, as a part of a class project, Snapchat began under the name Picaboo. When Evan Spiegel pictured to the left debuted their idea to the class in April 2011, the other students scoffed at the idea of impermanent photos. Little did they know that this idea would go on to become insanely popular. In 2014, the Snapchat app was the fastest growing social app, boasting a 57 percent growth in the course of the year. While Pinterest, Instagram, and Facebook Messenger also had a high rate of growth, none of them could come close to keeping up with the amount of downloads. Snapchat was/is getting. While there are many different platforms out there that incorporate images and videos, Snapchat has found a niche in the social media universe. It has become one of the most popular social networks around. And it shows no signs of stopping. Snapchat is a social media app that allows you to take pictures and videos and send them to others without having to worry about whether or not it'll still be there the next day, in particular worrying about your embarrassing pics and videos. This is because Snapchat was designed to specifically delete or remove the pictures or videos, also called memories, that you post from its database within 24 hours after being posted on its platform. And more than just being about pictures and videos, Snapchat is all about short-term content, also called transient pictures and videos. That is why, by default, all you can see on the app's home screen is just a simple camera view. And with such simplicity, it's very easy and convenient to send your pictures and videos to just about anyone on Snapchat. Here is a preview of what you will learn: Snapchat and its history, Getting Started on Snapchat, How to take and Send a Snap, How is Snapchat different from WhatsApp and Facebook, Gaining followers on Snapchat, Snapchat Paid Advertising, Converting Followers, and More.
