## **Spotify Update:**

**Spotify Teardown** Maria Eriksson,Rasmus Fleischer,Anna Johansson,Pelle Snickars,Patrick Vonderau,2019-02-19 An innovative investigation of the inner workings of Spotify that traces the transformation of audio files into streamed experience Spotify provides a streaming service that has been welcomed as disrupting the world of music Yet such disruption always comes at a price Spotify Teardown contests the tired claim that digital culture thrives on disruption Borrowing the notion of teardown from reverse engineering processes in this book a team of five researchers have playfully disassembled Spotify s product and the way it is commonly understood Spotify has been hailed as the solution to illicit downloading but it began as a partly illicit enterprise that grew out of the Swedish file sharing community Spotify was originally praised as an innovative digital platform but increasingly resembles a media company in need of regulation raising questions about the ways in which such cultural content as songs books and films are now typically made available online Spotify Teardown combines interviews participant observations and other analyses of Spotify s front end with experimental covert investigations of its back end The authors engaged in a series of interventions which include establishing a record label for research purposes intercepting network traffic with packet sniffers and web scraping corporate materials The authors innovative digital methods earned them a stern letter from Spotify accusing them of violating its terms of use the company later threatened their research funding Thus the book itself became an intervention into the ethics and legal frameworks of corporate behavior

*Smart Move* **Smartypants Romance**, Amanda Pennington, 2023-05-16

Ivy Lunden is Team Keep Things Casual. I am Toby Azumah's opposite in every way. I'm a pessimist; he's an optimist. I'm into art; he's into sports. Still, I'm highly entertained by our flirtationship. When he finally talks me into a date, everything goes wrong. Chaos descends on my orderly life when my mother falls and needs nearly round the clock care. Add in my nosy neighbor and my peace of mind has been turned inside out. When Toby, Mr. Best Case Scenario himself, offers to help, I'm skeptical. A relationship with him would only make things more chaotic, right? Or maybe Toby is the real deal, and giving him a chance is a smart move after all. Toby Azumah is Team Happily Ever After. I've wanted to take the mysterious, beautiful Ivy Lunden to dinner ever since we met, and I'm confident she just needs a little time to warm up to the idea of us. But nothing goes according to my daydreams. Despite a no-show date, some flirty texts, and the fierce ways she protects herself and her mom, I see through the chaos and smoke to the real Ivy. The Ivy she rarely shows to the world. How can I convince her I'm making the smart move and playing for keeps?

*Smart Move* is a full-length contemporary romance and can be read as a standalone. **Book 7 in the Work For It series.**

Mousy bookworm Psychology nerd. The kind of girl who constantly sticks her foot in her mouth. The last thing I am is the type to attract the intimidating motorcycle-riding guy in the apartment next door. Especially when that mouth of mine gets me in trouble and he overhears me talk smack about him. So no one's more surprised than me when he shows up as a participant in the psych study I'm running on campus. Or when he generously offers me some much-needed self-defense lessons. Or when we grow closer than I thought possible. It turns out some people

aren't at all what they seem at first glance. They can actually be everything you never knew you wanted in a man. The thing is Austin Langford is so far out of my league it's laughable. Muscled boxers don't go for nobodies like me. I need to forget about this one-sided attraction. Even when it feels like I can't fight it. Can't Fight It is a full-length contemporary romance and can be read as a standalone. Book 3 in the Lessons Learned series. Educated Romance World. Penny Reid Book Universe.
