**Texting Women** Cristiano Marquez, 2019-11-22 If you are reading my book's description it's because maybe you are having trouble finding a girlfriend isn't it It's likely that among the photos you posted online there isn't one in which you

look like Leonardo di Caprio and that you think physical appearance is the only way to impress woman Or maybe your girlfriend never texts you until you do and when she answers hours later it s with a simple or Or perhaps you re one of those guys who s convinced he can get the attention of a beautiful girl by simply texting her Hi or Hey I guess I must give you a hint then pal Women are different from men And naturally they think differently they love differently And this is because before loving with their body women always love with their mind In my book Texting Women I give you the right tips quick and simple to learn everything there is to know about texting a woman and especially to understand how to get the timing right In your opinion what s every man s main goal when texting a woman he likes Easy That she always texts him back the sooner the better and eagerly But clearly to be able get there one must study the method and train hard as if it were a physical activity and put all of the following steps into practice Mindset work on yourself Remember how as a child you were told to always be yourself Well forget that Unless you want to die alone The thing is there is no self Which self There can be many different selves you can be whatever you want you can improve To manipulate girls first you must be able to manipulate yourself Skills The main skill consists in figuring out who is the girl you re writing to what she likes what language frequencies she travels on By doing that you will be able to become the mirror in which she sees herself and in you and in your texts she will recognize a part of herself and of her mind Techniques The right techniques allow you to seduce girls by doing nothing you have to get to the point where whatever you write them they start answering with long messages as if they were talking about themselves with a psychologist This way girls feel like they re seducing themselves with their own mind and will increasingly feel the need to answer your texts Secrets once you have completed all the previous steps you should not be in a hurry to meet or see them enjoy the moment and let them stew in their own juice Raise the conversation s level by talking about spicy stuff that s when they ll go crazy and that s how when you ll see them in person they will already be completely obsessed with you and they will be yours In the end it s going to be you the one not texting them back
