A Philosophy of Communication of Social Media Influencer Marketing Kati E. Sudnick, 2023-11-28 Social media influencer marketing emerged in Web 2.0 as a new form of celebrity endorsement in which the Internet famous create word of mouth marketing for brands and organizations on their personal social media pages blurring the line between organic and sponsored content for their followers This book explores social media influencer marketing through the lens of philosophy of communication with a praxis centered approach Kati E. Sudnick utilizes a multitude of theoretical touchstones including Christopher Lasch s narcissistic culture Marshall McLuhan s global village Daniel Boorstin s human pseudo event Jacques Ellul s propaganda and the interplay between charismatic leadership and parasocial relationships in order to consider consequences surrounding Hannah Arendt s social condition which appears in hyper form within social media influencer marketing as a major integrated marketing communication tool Sudnick applies these concepts to three major case studies surrounding Audible BetterHelp and Fyre Festival drawing implications and conclusions for this integrated marketing communication tactic in an era entrenched within the banality of the social Ultimately the author argues for a more aware and conscientious public when it comes to engaging with influencers online Scholars of communication philosophy and media studies will find this book of particular interest

Bring History and Civics to Life Karalee Wong Nakatsuka, Laurel Aguilar-Kirchhoff, 2022 This user friendly guide will empower and equip teachers to take a fun interactive approach to using technology to teach history and civics For years history and civics have been put on the back burner as schools focus on subjects like math science and English language arts Although all U.S. states have standards for the teaching of history there s a lack of consistency when it comes to teaching civics Today we see evidence of declining levels of civic engagement which is sadly reinforced as our educational institutions fail to prioritize history and civics education while at the same time they often blame students for their lack of knowledge Amid this backdrop how can educators better prepare their students to become engaged informed and empathetic citizens One way is by harnessing the power of digital learning to make history come alive for students establishing a climate and culture that encourages students to be effective collaborators and lifelong learners who care about and contribute to society With this book two dynamic award winning educators draw clear connections between history civics community and technology in meaningful and actionable ways to deepen students understanding of democratic processes and civic engagement Using edtech and instructional design as entry points the book highlights pedagogically sound practices to build critical thinking skills and offers classroom examples from a wide range of educators to show how to

implement these strategies in the classroom The book Illustrates how to use educational technology as a means to inspire and enable students to become empathetic informed citizens Emphasizes historiography and critical thinking skills across the curriculum and broader community Demonstrates how to integrate digital learning tools and strategies across history curriculum Provides guidance on amplifying student voice and inspiring student civic engagement with students as knowledge constructors and global citizens Prioritizes equity in learning by highlighting accessibility features of educational technology tools and implementation strategies to benefit all learners In these pages you ll discover how to use educational technology to help students recognize themselves in history and experience the world and learn in ways that only technology allows Audience Grades 4 12 history social science and civics teachers *The Emerald Handbook of Computer-Mediated Communication and Social Media* Jeremy Harris Lipschultz,Karen Freberg,Regina Luttrell,2022-06-27 Uniquely relating social media communication research to its computer mediated communication foundation as well as digital and emerging media trends this handbook is an indispensable resource whether you re a graduate student or a seasoned practitioner
