teaching Using the Internet for Active Teaching and Learning combines both theory and practice to introduce you to the Internet's potential as a teaching tool in your classroom. With student learning as its goal the book is organized by its functions in the classroom from communication to locating and evaluating information publishing information information problem solving cooperative problem solving inquiry and discovery and online collaborations **Teaching Children Science** Joseph Abruscato,2000 This revision of a very successful science methods text includes coverage of methods activities and science content. Teaching Children Science presents current ideas about teaching children science in a motivating engaging style that will positively draw students towards the teaching of science to young children. There are nine basic science teaching methods chapters and three potentially free standing parts that focus respectively on how to teach Earth Space Life and Physical Science content. Each of these three parts has a lesson and unit plan followed by chapters that provide science content and chapters that contain activities and demonstrations for children. Through its structure writing style and attention to contemporary issues this volume serves as an important resource in teaching students to create science experiences within the context of discovery learning thereby providing students with the necessary skills and knowledge to fully comprehend that they will be teaching children science not the other way around. For readers with an interest in science and perhaps drawing children to the teaching of science as a career choice **The Youth Cybrarian's Guide to Developing Instructional, Curriculum-related, Summer Reading, and Recreational Programs** Lisa Champelli,2002 Explores how youth librarians have responded to the booming growth of the Internet by developing a variety of programming ideas to incorporate into their summer reading curriculum related and recreational programs **Library Media Connection** ,2004
