Re-examining the UK Newspaper Industry Marc Edge, 2022-10-31 This book dispels myths surrounding the newspaper industry's financial viability in an online world, arguing that widespread predictions of pending newspaper extinction are based mostly on misunderstandings of the industry's operations. Drawing from his training as a business journalist, Marc Edge undertakes a thorough analysis of annual financial statements provided by newspaper companies themselves to explain the industry's arcane economics. This book contextualizes available data within the historical context in which various news publishers operate and outlines the economic history of UK newspapers. It also investigates how UK newspapers survived the 2008-09 recession, considering both national and provincial markets separately. A rigorous look at an often neglected aspect of the newspaper industry, this volume will be an essential read for scholars of media studies, journalism studies, and communication studies, especially those interested in studying journalism and news production as occupational identities.

The British National Daily Press and Popular Music, c.1956-1975 Gillian A.M. Mitchell, 2019-02-28 The British National Daily Press and Popular Music c. 1956-1975 constitutes a reappraisal of the reactions of the national daily press to forms of music popular with young people in Britain from the mid 1950s to the 1970s, including rock n roll, skiffle, beat group, and rock music. Conventional histories of popular music in Britain frequently accuse the newspapers of generating moral panic with regard to these musical genres and of helping to shape negative attitudes to the music within the wider society. This book questions such charges and considers whether alternative perspectives on press attitudes towards popular music may be discerned. In doing so, it also challenges the tendency to perceive evidence from newspapers straightforwardly as a mere illustration of wider social trends and considers the manner in which the post-war newspaper industry as a sociocultural entity in its own right responded to

developments in youth culture as it faced distinctive challenges and pressures amid changing times Press standards, privacy and libel Great Britain: Parliament: House of Commons: Culture, Media and Sport Committee,2010-02-23
