Lempriere, 2006-01-31 Having a British accent people ask me where I am from and they expect me to say Oh I'm from England so that they can follow up with I thought so Sometimes they say I thought perhaps that the accent is Canadian or Australian I was raised by British parents in Mauritius a British colony with French schools and in Jersey an island in the English Channel with a long French background but part of the United Kingdom for well over 200 years My name comes from my Jersey heritage my family had lived there for many hundreds of years This book covers

the Mauritius period of my life to about 13 years of age and the Jersey period to about 16 At first it was about filling in the family record for my children and grandchildren but family stories of hooliganism required me to refute these Mauritius is a subtropical island where coconut palms grow down to golden beaches with warm blue water where sugar cane fields cover the countryside where small monkeys scuttle along the river valleys and where bananas peaches and mangoes grow fresh for the picking a paradise to grow up in Jersey is a small island quite similar to England in its ways its flora and its fauna no bananas or monkeys but with French names for places and people and French laws and habits Being south of England the climate is milder Farming of market crops flowers vegetables and cattle flourish Jersey bulls and cows draw huge prices The adventures I had with my brother and several friends were mostly boyhood fun but some came close to breaking our necks or breaking the law While around 10 to 12 years old we set off on a 10 mile hike through unknown river valleys hoping to reach our favorite beach and only got home after midnight by the grace of God and a friendly trucker Later we clambered among 200 foot cliffs over the ocean to collect birds eggs We set fire to cliff top grass and gorse We drove the car to a beach picnic when none of us was yet 13 Brian became an aeronautical engineer through study for a BSc degree at the Royal Aircraft Establishment Farnborough England supported by a Ministry of Supply 5 year sholarship then by winning a King George VI Memorial Fellowship to study in the USA for a MAe degree at The Polytechnic Institute of Brooklyn NY USA He later worked for a PhD degree at Stanford University in Palo Alto CA USA His career in the aeronautical industry began as a Lecturer at the College of Aeronautics Cranfield near Bletchley England and then covered 7 years at the Lockheed Research Laboratories in Palo Alto CA and 26 years at Boeing Aerospace Co in Seattle WA He has written many technical papers and since retiring in 1995 a book on Ultrasound and Eastic Waves He married Shirley Cawood of Brooklyn New York and they now live in Seattle and Whidbey Island WA They have a son and daughter and three grand children He can be reached by e mail at bmlomp comcast net Central Reporter ,1888 The Soul at Rest Tricia McCary Rhodes,2018-11-06 Many Christians today struggle with having a consistent or life giving quiet time They are looking for a form of prayer that doesn t make them feel like they re begging God or being judged by him The Soul at Rest is a quiet time companion that introduces inward disciplines from throughout Christian history to those who hunger for greater intimacy with God The Soul at Rest is a 40 day guided experience of prayer that puts readers in the presence of God and allows them to enter and enjoy his rest It guides readers into a rhythm of quiet contemplative prayer easing them into God s presence and demonstrating how prayer is not so much a duty as it is a gift By the time someone finishes The Soul at Rest they ll not only understand prayer better they ll be engaging in it as a regular rhythm of life **The True Family** Charles Wesley True,1981 **Congressional Record** United States.
