will determine the shape of our future...**

**Susan: A Romance with Technology**

A woman's face is formed from a circuit board, with her hair and features composed of various electronic components like resistors, capacitors, and connectors. The background is a textured, light brown surface.

He gently kissed her lips.  
She felt herself melt softly into  
his arms. He could do anything with her  
and she would flow along with him...

Suddenly he reared back in fright.  
"Susan, your eyes!"  
She turned away, and tears welled up.  
"Those are my designer contacts. Do you like them?"
