The Routledge Companion to Gender and Science Fiction Lisa Yaszek, Sonja Fritzsche, Keren Omry, Wendy Gay Pearson, 2023-02-10 The Routledge Companion to Gender and Science Fiction is the first large scale reference work of its kind critically assessing the relations of gender and genre in science fiction SF especially but not exclusively as explored in speculative art by women and LGBTQ artists across the world This global volume builds upon the traditions of interdisciplinary inquiry by connecting established topics in gender studies and science fiction studies with emergent ideas from researchers in different media Taken together they challenge conventional generic boundaries provide new ways of approaching familiar texts recover lost artists and introduce new ones connect the revival of old hate based politics with the increasing visibility of imagined futures for all and show how SF stories about new kinds of gender relations inspire new models of artistic technoscientific and political practice Their chapters are grouped into five conversations about the history of gender and genre theoretical frameworks subjectivities medias and transmedialities and transtemporalities that are central to discussions of gender and SF in the current moment A range of both emerging and established names in media literature and cultural studies engage with a huge diversity of topics including eco criticism animal studies cyborg and posthumanist theory masculinity critical race studies

Indigenous futurisms Black girlhood and gaming This is an essential resource for students and scholars studying gender sexuality and or science fiction

Traditional Sudanese Foods Abdalbasit Mariod,2023-02-14 Traditional foods play an important role in mitigating hunger in the developing world Those of Sudan are distinguished by their unique taste and nutritional content with some nutritional influences that enrich them They have been around for thousands of years and have a strong effect on local and regional food security and poverty alleviation To date there has not been a reference work focusing on the full scope of traditional Sudanese foods from their sources and composition to their preparation and nutritional and therapeutic aspects This book fills this gap expansively covering the importance of traditional Sudanese foods worldwide Over 43 traditional Sudanese foods are reported here with individual chapters focusing on each food source This book will be of interest to food scientists nutritionists chemists pharmacists academics undergraduate and graduate students and professionals working with foods and human nutrition

Back From the Future Brad Gilmore,2021-12-02 A Fan s Look at the Back to the Future Franchise Brad Gilmore s book not only offers new perspectives and a deeper understanding of Back to the Future it reminds us why we fell in love with it in the first place Mark Ellis Comedian Movie Critic 1 Bestseller in Movies Guides Reviews There s a host of information out there on the Back to the Future trilogy but never before has there been a book like this The history of the films cartoons toys and more The Back to the Future series is a timeless collection greatly revered by all audiences The beauty of this book by Brad Gilmore is that it doesn t present the history of the film as textbook information He discusses these films from a place of passion and so effectively reveals how the history behind the movies is just as engaging as the films themselves Unheard details and trivia Gilmore a radio and television host and host of Back to the Future The Podcast is an expert on all things Back to the Future Pairing his knowledge with his passion for the films Gilmore uses this book to discuss details and movie trivia that reveal just why the trilogy has stood the test of time As a fan speaking to fellow fans he dives into fan theories and provides answers to many questions readers have because they are the very questions he himself has asked Check out this must have book and learn things you never knew Completed timelines of all the main characters from the franchise In depth studies of various Back to the Future fan theories that will surprise and intrigue you A detailed comparison of the films predictions of the future to our world today Fans of books like Back to the Future The Classic Illustrated Storybook Back to the Future The Ultimate Visual History Back to the Future Untold Tales and Alternate Timelines or We Don t Need Roads The Making of the Back to the Future Trilogy will love Back From the Future
