The Angry Child Brett Novick,2019-09-17 Anger and violence have reached seemingly epidemic proportions within the fabric of our youth From school violence social media to growing oppositional and defiant behaviors within the home anger has

surfaced more and more in the lifestyles of our youth. What are the answers? Should the focus be more on parental enrichment skills or on social and emotional curriculum in school? A multifaceted approach is indeed needed to address this issue before it becomes even more intractable and leads to even greater anger and rage in our next generation.
