*NKA El-Hi Textbooks and Serials in Print*, 2006 *Educational Computing* Cleborne D. Maddux, Dee LaMont Johnson, Jerry Willis, 2001 This text focuses on general concepts theory and research on teaching learning and technology rather than on hands on assignments at the computer. This book is most suitable for courses where students already have basic computing skills and the focus is on issues of integration of technology in the classroom or for courses where computing skills are taught simultaneously with the concepts issues and theories of integration. This text is geared toward answering the question What would a teacher do differently if she/he used computers in her/his classroom? The book links actual practice to underlying theories of both teaching and learning. It helps students develop their own framework for thinking about educational computing.
