## Soar Bible Through Fourth Quarter:

Soar Suellen Estes, 2015-12-02 The Bible is one of the greatest miracles of all time Over a period of many centuries God so graciously impressed upon men His truth and His plans He wanted His people to understand the secrets of the universe and their origin up until this present day and beyond When verses are taken out of context God s design can t be properly understood So that s why it s important to read it all from cover to cover Only then can you understand His overall plan and why certain seasons were so different but so important Also only then can you understand what He wants to do in this present time Each day there will readings from the Old and New Testaments and comments concerning the chapters The comments are designed to show how the scarlet thread of the Savior s mission is woven throughout the scriptures from beginning to end There will also be a great deal of emphasis on the covenants which have been at the foundation of God s relationship with His people There will be four quarters of readings with each quarter including 90 days so there will be 5 or 6 free days in a year No specific months are established so you can start at any time Come and see what God has for you as you learn of His great plan
