Engrossing Tolkien s principles patriotism Medievalism localism Catholicism are certainly out of fashion today And yet they re the foundation for all his books which have sold hundreds of millions of copies Mr Smith does a wonderful job of explaining why modern readers are so enthralled by Tolkien s reactionary vision Whether you re a casual Lord of the Rings fan or a serious Tolkien scholar every page of Mr Smith s book will delight and fascinate And if anyone ever tells you that fairy tales are only for children hand him this book Tolkien ought to be regarded as one of the great social critics of our time as Mr Smith so masterfully demonstrates Michael Warren Davis is an editor for Sophia Institute Press and the author of *The Reactionary Mind Why Conservative Isn t Enough* You can find him on his blog *The Common Man* As the popularity of Tolkien s work continues to endure the importance of Jeb Smith s work continues to grow This is because of a prolonged siege

against Tolkien's work the attempt to dislodge it from its Christian and Biblical foundations Jeb Smith's insights are immensely helpful to this and future generations of Tolkien admirers Scott L Smith author of Lord of the Rings and the Eucharist J R R Tolkien's Middle earth has captured the imaginations of millions of readers around the world for generations He is considered the father of modern fantasy but few understand how Tolkien's worldview impacted his mythology The Road Goes Ever On and On is the first book of its kind to place Tolkien within his proper context giving the reader a deeper understanding of Tolkien and Middle earth Smith takes us on a quest through a wide range of Tolkien's writings to unlock Tolkien's perspective a perspective that like the elves who have sailed into the West leaving Middle earth has faded away from our world You will gain an in depth knowledge of Tolkien's views on politics environmentalism religion and much more From the Valar to Hobbits the free peoples closely follow Tolkien's sentiments In contrast forces under the Shadow represent what Tolkien believed was immoral Covering a wide range of topics The Road Goes Ever On and On is filled with breathtaking illustrations bringing Middle earth to life like never before making this the one book to rule them all

Science Elaine Howard Ecklund,Christopher P. Scheitle,2018 At the end of a five year journey to find out what religious Americans think about science Ecklund and Scheitle emerge with the real story of the relationship between science and religion in American culture Based on the most comprehensive survey ever done representing a range of religious traditions and faith positions Religion vs Science is a story that is more nuanced and complex than the media and pundits would lead us to believe The way religious Americans approach science is shaped by two fundamental questions What does science mean for the existence and activity of God What does science mean for the sacredness of humanity How these questions play out as individual believers think about science both challenges stereotypes and highlights the real tensions between religion and science Ecklund and Scheitle interrogate the widespread myths that religious people dislike science and scientists and deny scientific theories Religion vs Science is a definitive statement on a timely popular subject Rather than a highly conceptual approach to historical debates philosophies or personal opinions Ecklund and Scheitle give readers a facts on the ground empirical look at what religious Americans really understand and think about science **Forgotten Founders and Other Neglected Social Theorists** Christopher T. Conner,Nicholas M. Baxter,David R. Dickens,2019-05-14 This edited volume highlights the work of ten forgotten and neglected social theorists in the hope of reinvigorating interest in their work and their potential contributions to the analysis of contemporary social issues Each chapter includes a brief biographical sketch an overview of the selected theorist's work and significance and the relevance of their work to one or more contemporary

social issues While other similar texts tend to focus primarily on intellectual biography our emphasis here is on the scholar s theories and their application to contemporary social issues We provide a contextualization of each scholar s work using present day social issues or problems Many of these individuals played a significant role in the development of sociology Our hope is to provide a resource that will help re integrate these marginalized social theorists rescuing them from obscurity and elevating their status
