Geriatric Anesthesiology J. G. Reves, Sheila Ryan Barnett, Julie R. McSwain, G. Alec Cooke, 2017-10-27 Surgical and anesthetic techniques have evolved to allow a growing number of older adults to undergo surgery and current estimates are that 50% of Americans over the age of 65 years old will have an operation. However as the knowledge regarding perioperative care of the elderly surgical patient grows so do the questions. In this edition each chapter includes a section entitled Gaps in Our Knowledge meant to highlight areas in which research is needed as well as hopefully inspire readers to begin solving some of these questions themselves. Building upon the strong foundation of the first two editions Geriatric Anesthesiology 3rd edition also assembles the most up to date information in geriatric anesthesia and provides anesthesiologists with important new developments. Topics covered include several new chapters that reflect the evolution of multidisciplinary geriatric care throughout the perioperative continuum as well as the growing body of literature related to prehabilitation. In addition discussion of the surgeon's perspective and geriatrician's perspective on surgery in the geriatric population is covered as well as the systematic physiologic changes associated with aging and the pharmacologic considerations for the geriatric patient undergoing procedures. Finally the last section discusses postoperative care specific to the geriatric population including acute pain management, ICU management, recent evidence and up to date practice regarding delirium and postoperative cognitive dysfunction and palliative care

Keeping the Republic Christine Barbour, Gerald C. Wright, 2020-12-10 Keeping the Republic gives students the power to examine the narrative of what's going on in American politics, distinguish fact from fiction and balance from bias and influence the message through informed citizenship. Keeping the Republic Brief Edition draws students into the study of American politics, showing them how to think critically about who gets what and how while exploring the twin themes of power and citizenship. The thoroughly updated Ninth Edition analyzes not only the 2020 election results and Supreme Court rulings but also examines the activism of the Black Lives Matter movement, political outsiders in campaigns and party nominations, the federal government's response to the COVID 19 pandemic and the presidency of Donald Trump. With students living through one of the most challenging periods in American life, Keeping the Republic Brief Edition is there to be a much-needed resource to help them make sense of politics in America today and become savvy consumers of political information. Carefully condensed from the full 10th edition by authors Christine Barbour and Gerald C. Wright, Keeping the Republic Brief Edition gives your students the same

Aging Concepts and Controversies is structured to encourage a style of teaching and learning that goes beyond conveying facts and methods. This innovative text focuses on controversies and questions rather than on assimilating facts or creating a single correct view about aging or older people. Drawing on their extensive expertise, authors Harry R. Moody and Jennifer R. Sasser first provide an overview of aging in three domains: aging over the life course, health care, and socioeconomic trends. Each section then includes data and conceptual frameworks helping students to make sense of the controversies and understand their origin, engage in critical thinking, and develop their own views. The Tenth Edition of this hallmark textbook includes amplified discussions focused on differences, diversity, structural inequalities, and inclusion, as well as contemporary issues including climate change and immigration. Included with this title, the password-protected Instructor Resource Site (formerly known as SAGE Edge) offers access to all text-specific resources, including a test bank and editable chapter-specific PowerPoint slides. *CDC Yellow Book 2018: Health Information for International Travel* Gary W.
