Action Heroines in the 21st Century Christa van Raalte,Fran Pheasant-Kelly,2025-08-30 Action Heroines in the Twenty First Century highlights the changing representation of female protagonists in recent action led genres It responds to an upturn in women centred narratives over the past two decades specifically those that involve groups of women in action The work demonstrates how this collective agency reflects an increasingly global rejection of violence towards women illustrated through initiatives such as the MeToo movement and the united reactions to the deaths of Sarah Everard Sabina Nessa and the deaths of young Iranian women detained by security forces in Iran in 2022 It is against this backdrop that an escalating number of action films released over recent years counter contemporaneous perceptions of women as victims in the face of threat and enable progressive media representations of women This book charts such representations from a diverse range of national cinemas and genres moving from remakes of *Charlie's Angels* through to the Western eco activism action comedy and *Marvel's superheroines* thus providing a broad platform for its argument and highlighting the growing significance of action heroines operating collectively **The Second Sex** Simone De Beauvoir,2012-02-15 The essential masterwork that has provoked and inspired generations of men and women From Eve's apple to Virginia Woolf's room of her own Beauvoir's treatise remains an essential rallying point urging self sufficiency and offering the fruit of knowledge *Vogue* This unabridged edition reinstates significant portions of the original French text that were cut in the first English translation Vital and groundbreaking Beauvoir's pioneering and impressive text remains as pertinent today as when it was first published and will continue to provoke and inspire generations of men and women to come **The Outside Thing** Hannah Roche,2019-05-28 In a lecture delivered before the University of Oxford's Anglo French Society in 1936 Gertrude Stein described romance as the outside thing that is always a thing to be felt inside Hannah Roche takes Stein's definition as a principle for the reinterpretation of three major modernist lesbian writers showing how literary and affective romance played

a crucial yet overlooked role in the works of Stein Radclyffe Hall and Djuna Barnes The Outside Thing offers original readings of both canonical and peripheral texts including Stein's first novel *Q E D* Things As They Are Hall's *Adam's Breed* and *The Well of Loneliness* and Barnes's early writing alongside *Nightwood* Is there an inside space for lesbian writing or must it always seek refuge elsewhere Crossing established lines of demarcation between the in and the out the real and the romantic and the Victorian and the modernist The Outside Thing presents romance as a heterosexual plot upon which lesbian writers willfully set up camp These writers boldly adopted and adapted the romance genre Roche argues as a means of staking a queer claim on a heteronormative institution Refusing to submit or surrender to the straight traditions of the romance plot they turned the rules to their advantage Drawing upon extensive archival research The Outside Thing is a significant rethinking of the interconnections between queer writing lesbian living and literary modernism
