Gaming Democracy Adrienne L. Massanari, 2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon

Valley's emphasis on meritocracy and free speech absolutism has driven this rightward slide. These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms, algorithms, and attention economies. While populist movements are not new phenomena, such as QAnon, parental rights activism, and COVID denialism are uniquely of the internet, with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent. Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions. Using the lens of play and game studies, as well as the concept of metagaming, *Gaming Democracy* is a novel contribution to our understanding of online platforms and far right political activism. **Economic Conditions on the Manors of Ramsey Abbey** Nellie Neilson, 1899

Introduction to Information Systems R. Kelly Rainer, Brad Prince, 2023-09-20 *Introduction to Information Systems* 10th Edition teaches undergraduate business majors how to use information technology to master their current or future jobs. Students will see how global businesses use technology and information systems to increase their profitability, gain market share, develop and improve their customer relations, and manage daily operations. This course demonstrates that IT is the backbone of any business, whether a student is majoring in accounting, finance, marketing, human resources, production, operations management, or MIS. In short, students will learn how information systems provide the foundation for all modern organizations, whether they are public sector, private sector, for profit, or not for profit. **Mediaweek**, 2009 **Disney High** Ashley Spencer, 2024-09-24 The first unauthorized look at the inner workings and ultimate breakdown of the Disney Channel machine. For many kids growing up in the 2000s, there was no cultural touchstone more powerful than Disney Channel, the most watched cable channel in primetime at its peak. Today, it might best be known for introducing the world to talents like Hilary Duff, Raven-Symoné, Zac Efron, Miley Cyrus, Selena Gomez, the Jonas Brothers, Demi Lovato, and Zendaya. It wasn't always destined for greatness when The Disney Channel launched in 1983; it was a forgotten stepchild within the Walt Disney Company, forever in the shadow of Disney's more profitable movies and theme parks. But after letting the stars of their Mickey Mouse Club revival—among them Britney Spears, Justin Timberlake, Christina Aguilera, and Ryan Reynolds—slip through their fingers, Disney Channel reinvented itself as a powerhouse tween network. In the new millennium, it churned out billions of dollars in original content and triple-threat stars whose careers were almost entirely controlled by the corporation. Suddenly, everyone wanted a piece of the pie, and there were constant clashes between the studio, network, labels, and creatives, as Disney Channel became a pressure cooker of perfection for its stars. From private feuds and on-set disasters to fanfare that swept the nation and the realities of child stardom, culture journalist Ashley Spencer offers the inside story of the heyday of TV's House of Mouse, featuring hundreds of exclusive new interviews with former Disney executives, creatives, and celebrities to explore the highs, lows, and everything in between. *Adweek*, 2009 **The Deal**, 2006 **The**
